First Aid
If on Skin or Clothing: Take off contaminated clothing. Immediately rinse skin with plenty of water for 15 minutes. Call a poison control center or doctor for treatment advice.
If In Eyes: Hold eyes open and gently wash with large amounts of water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes then continue rinsing eye. Call a poison control center or doctor for treatment advice.
If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, if necessary. Do not give mouth-to-mouth resuscitation. Only protect hands and face in case of breathing difficulty. Call a poison control center or doctor for further treatment advice.
If Swallow: Do not induce vomiting unless directed to do so by a physician or poison control center. Do not give anything by mouth to an unconscious person. Call a poison control center or doctor for further treatment advice.

NOTE TO PHYSICIAN: Contains petroleum distillates -- vomiting may cause aspiration pneumonia.

Precautionary Statements
Hazards to Humans & Domestic Animals
CAUTION: Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Thoroughly wash with soap and water after handling and before eating, drinking, chewing gum, using tobacco or entering the toilet.

Physical or Chemical Hazards
Non-flammable. Contents under pressure. Do not burn or incinerate container. Keep away from heat, sparks and open flame. Exposure to temperatures above 130°F may cause bursting.

Environmental Hazards
This pesticide is toxic to fish and aquatic invertebrates. Do not apply directly to bodies of water or to areas where water is present or to intertidal areas below the mean high water mark. Do not apply when weather conditions favor drift to water or onto non-target areas. Do not contaminate water when disposing of equipment washwaters.

Notice of Warranty
Seller warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the label, only when used in accordance with the directions under normal use conditions. To the extent consistent with applicable law: (a) in no case shall Rainbow be liable for consequential or special damages resulting from the use or handling of this product; all such risks shall be assumed by the buyer. Rainbow be liable for consequential or special damages resulting from the use or handling of this product; all such risks shall be assumed by the buyer.

Application
APPLICATION AREAS FOR USE
Specially formulated for use in and around Telephone, Power, Cable, Electronics and Utility Equipment and Industries. Also used for Homes, Motels, Hotels and Non-Food Areas of Industrial, Institutional and Commercial Buildings including Stores, Manufacturing Plants, Warehouses and Hospitals (non-patient areas).

FOR WASP & HORNET CONTROL:
(1) Spray from an upwind position. (2) Hold the nozzle of the can 18 inches from the target area and pointed horizontally while standing 6 to 12 feet away. (3) Begin spraying nest and as many flying insects as possible. (4) Thoroughly spray nest. (5) If possible, apply in early morning or at dusk when most of the insects have returned to the nest and are less active.

FOR YELLOW JACKET & BEE CONTROL:
(1) Spray in a sweeping motion on exterior flying insects around the opening of the nest. (2) Move forward to the nest opening and spray directly into the nest hole. (3) When possible, apply in early morning or at dusk when most of the insects have returned to the nest and are less active.

FOR FIRE ANTI & FIRE ANT MOUNDS:
(1) Spray the entire perimeter of the ant mound. (2) Directly spray the mound and break up the mound with a stick. (3) Spray all active ants until no activity is seen. (4) For large mounds, more than one can may be necessary.

FOR FORAGING ANT CONTROL:
Spray directly on ants. Spray ant hills and runways. Repeat as necessary.

FOR BORERS, SPECKS (Including Black Widow and Brown Recluse), Silverfish, Crickets, Moths, Earwigs, Scorpions, Moth, Clothes Moths, and Wasp & Hornet Control:
Thoroughly spray treated areas including outside surfaces of garage doors, outside walls, foundations, patios or other places where insects may enter or congregate.

Storage and Disposal
Do not contaminate water, food or feed by storage or disposal. PESTICIDE STORAGE: Store in a cool, dry, area (preferably in a childproof container away from heat and open flame.) PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Do Not Burn or Incinerate! This container may be recycled in a few but growing number of communities when (steel) aerosol can recycling is available. Before offering for recycling, simply turn the can by using the product according to the label. If the can is not available, replace cap and pull in trash.

Keep out of Reach of Children
CAUTION
See back panel for First Aid and additional Precautionary Statements.

Net wt. 12 oz (340 g)

EPA Est. 16123-01-1, 5693-MA-1, 901-KS-1, 44446-TX-1
See code on can for establishment location.

Directions for Use
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

First Aid

For Indoor Use:
Do not enter or allow others to enter until sprays have dried. Do not apply this product in a way that will contact workers or other persons, either directly or through respiratory exposure. Only protect hands and face in case of breathing difficulty. Call a poison control center or doctor for further treatment advice.

Do not contaminate food and foodstuffs. Do not use in edible product areas of food processing plants, restaurants or other areas where food is commercially processed or prepared. Do not use in serving areas where food is exposed. Do not apply this product in a way that will contact adults, children or pets, either directly or through drift.

For Use Around or Near Floor Drains:
Application is prohibited directly into sewers, drains or to any area like a gutter where drainage to sewers, storm drains and water bodies of aquatic habitat can occur. Do not allow the product to enter any drain during or after application.

For Outdoor Use:
Outdoor uses are limited to only spot treatments. Broadcast applications are prohibited. Do not water the treated area to the point of run-off. Do not make applications during rain.

Before spraying insects or nests give the can a short burst away from the nest to ensure proper pressure.
