WETCIT®

A PENETRANT AND WETTING AGENT TO ENHANCE THE EFFICACY OF INSECTICIDES, MITICIDES, FUNGICIDES, HERBICIDES, PLANT GROWTH REGULATORS AND NUTRIENTS.

PRINCIPAL FUNCTIONING AGENTS
Alcohol Ethoxylate................................................................. 8.15%
Constituents Ineffective as Spray Adjuvants............................. 91.85%
Total...................................................................................... 100.00%

KEEP OUT OF REACH OF CHILDREN
WARNING / AVISO
Si Usted no entiende la etiqueta, busque a alguien para que se la explique a Usted en detalle.
If you do not understand the label, find someone to explain it to you in detail.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS.
WARNING: Causes substantial but temporary eye injury. Harmful if absorbed through skin or inhaled. Do not get in eyes or on clothing.
Avoid contact with skin. Wear goggles, face shield or safety glasses. Avoid breathing spray mist. Wash hands before eating, drinking, chewing gum; using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.

FIRST AID: IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

HOT LINE NUMBER: Have the product container or label with you when calling a poison control center or doctor, or going for treatment.
For Chemical Emergency (spill, leak, fire or accident), call CHEMTREC (800) 424-9300.
**GENERAL INFORMATION**

WETCIT is a highly effective surfactant designed for use with insecticides, miticides, fungicides, herbicides, plant growth regulators, and nutrients requiring a wetting, spreading and penetrating agent. WETCIT assists in overcoming water repellence. A spray adjuvant added to some pesticide or pesticide tank mixes may cause some phytotoxicity to susceptible crops and plants. Caution should be used when applying WETCIT, it is advisable to apply to a small area before full scale treatments are made.

**NOTE ON PESTICIDE EFFICACY EFFECTS**

WETCIT may increase the response of translaminar, systemic and emulsifiable concentrate type insecticides, miticides, fungicides, herbicides, plant growth regulators and nutrients. Users and or applicator should therefore evaluate this response prior to widespread usage.

**MIXING DIRECTIONS**

Fill tank one-half full of water. Add the required amount of pesticide while agitating. Add remainder of the water. Add the recommended amount of WETCIT last and continue agitation until completion of spraying. For best results, use within 72 hours of mixing.

**DO NOT ADD THIS PRODUCT AT A RATE THAT WILL EXCEED 0.8% (100 oz. per 100 gallons) OF THE FINISHED SPRAY VOLUME.**

**DIRECTIONS FOR USE**

Prior to use, read all the directions on this label and on the label of the manufacturer’s insecticides, miticides, fungicides, herbicides, plant growth regulators, nutrients, defoliants and dessicants being used with this product. The manufacturer’s label for specific usage and restrictions has precedence over directions for use referred to on the WETCIT label. To ensure thorough mixing, it is suggested that you recirculate mini tanks and bulk tanks or shake containers before using. Ensure spray equipment is thoroughly cleaned before using WETCIT. Coatings in inner tank and spray lines, from previous chemicals sprayed, may be dissolved by WETCIT, thereby releasing it into the mix about to be sprayed. If in doubt, applying as directed, add 20 ounces of WETCIT to 20 gallons of water and circulate through system for 20 minutes, spray to waste. THEREAFTER, mix as prescribed for regular spraying. Treat a small area and observe results. If the results are satisfactory, proceed with a complete application. CAUTION: Do not apply to tree fruit or other sensitive crops without first consulting your Oro Agri representative.

**NOT FOR AQUATIC USE IN WASHINGTON.**

**DIRECTIONS FOR USE (Continued)**

**WETTING / SPREADING / PENETRATION / SURFACE TENSION REDUCTION**

**Insecticides, Miticides and Fungicides** – Use 25 to 100 fl. oz. of WETCIT per 100 gallons of pesticide and / or foliar fertilizer spray solution.

**Plant Growth Regulators and Nutrients** – Use 5 to 10 fl. oz. of WETCIT per 100 gallons of spray solution.

**Herbicides** – Use 25 to 100 fl. oz. of WETCIT per 100 gallons of spray solution.

**Backpack or Hand Held Sprayers** – Use 1/4 to 1/2 teaspoon of WETCIT per gallon of spray solution.

**STORAGE AND DISPOSAL**

**STORAGE:** Store in original container away from children, animals, foods, feeds and seeds. Handle in accordance with Precautionary Statements. In the event of spillage or leakage, soak up the material with absorbent clay, sand, sawdust or other absorbent material. Scrape up and dispose in accordance with Product Disposal. **PRODUCT DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. **CONTAINER DISPOSAL:** Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal.

**WARRANTY STATEMENT**

CONDITIONS OF SALE-LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES: Read the Conditions of Sale-Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded. The directions on this label are believed to be reliable and should be followed carefully. Insufficient control of pests and/or injury to the crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of Oro Agri Inc. (the “Company”) or seller. In addition, failure to follow label directions may cause injury to crops, animals, man or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the directions for use subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind, express or implied, concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law. The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at Company’s election, one of the following: 1. Refund of the purchase price paid by buyer or user for product bought, or 2. Replacement of the product used. To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company and the seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
