A selective larvicide against Codling moth on apples, pears, and walnuts

**ACTIVE INGREDIENTS**: 
Cydia pomonella Granulosis Virus 0.99%

**INSERT INGREDIENTS**: 
99.01%

Total: 100.00%

**“Minimum 10”** Granulosis virus/qrt

**KEEP OUT OF REACH OF CHILDREN**

**WARNING/AVISO**

Si usted no entiende este etiqueta, busque a alguien para que le explique a usted en detallado. (If you do not understand the label, find someone to explain it to you in detail.) See side panel for first aid and additional precautionary statements

For Product Information Call: 1-866-761-9397

**FIRST AID**

**If the eyes**

- Hold eye open and rinse slowly and gently with water for 15–20 minutes.
- Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

**If on skin or clothing**

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15–20 minutes.
- Call a poison control center or doctor for treatment advice.

**USER SAFETY RECOMMENDATIONS**

**Before use.**

**PERSONAL PROTECTIVE EQUIPMENT**

Applicable and other handlers must wear:
- Protective eyewear such as goggles, face shield, or shielded safety glasses
- Chemical resistant gloves made of waterproof material
- Long-sleeved and long undergarments
- Shoes and socks

Mix/holders and applicators must wear a dust/mist filtering respirator meeting NIOSH standards of at least N-95, R-95, or P-95.

Repeated exposure to high concentrations of microbial proteins can cause allergic sensitization. Follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

**ENVIRONMENTAL HAZARDS**

For terrestrial uses:

Do not apply directly to water or to areas where water is present or to interstitial areas below the mean high water mark. Keep out of lakes, ponds, streams. Do not contaminate water by cleaning of equipment or disposal of equipment washwater or rinsate.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your state or tribe, contact the State or Tribal agency responsible for pesticide regulations.

**Agricultural Use Requirements**

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR part 170. The Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the state or tribe where it is being applied.

The Standard also requires the use of protective equipment (PE) and restricted-entry interval. The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard. Do not enter or allow worker entry into treated areas during the restricted entry interval (REI) of 12 hours. PPE required for early entry to treated areas (that is permitted under the Worker Protection Standard) and involves contact with anything that has been treated, such as plants, soil, or water: (i) protective eyewear such as goggles, face shield, or shielded safety glasses, (ii) chemical resistant gloves made of waterproof material, (iii) coveralls, (iv) shoes and socks.

**General Information**

CARPOVIRUSINE is for treatment against Codling moth on apples, pears, and walnuts. The viral particles in CARPOVIRUSINE must be ingested by larval or young larvae to be effective.

Application Instructions

- Obtain CARPOVIRUSINE as possible, water with agitation, and apply with any conventional sprayer in a spray volume sufficient for thorough coverage of the tree canopy. Do not apply this product through any type of irrigation system. No spray aid is required. Start applications at the beginning of egg hatch of the first generation, targeting the eggs and young larvae, as per local pesticide laws. Contact for additional instructions.

**Agricultural Use**

For further information on the use of CARPOVIRUSINE, please contact your local pesticide supplier, extension agent, or a reputable, nearby agricultural pest management specialist.

**PESTICIDE DISPOSAL**

To avoid wastes, use all material in this container according to label directions. If wastes cannot be avoided, offer remaining product to a waste disposal facility or pesticide disposal program (often such programs are run by state or local governments or by industry). CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. This container in airtight container or (equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container 1/4 full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then offer for recycling if available or surcharge and dispose of in a sanitary landfill, or by incineration. Do not burn, unless allowed by state and local ordinances.

**CONDITIONS OF SALE**

1. Arysta LifeScience North America, LLC (“Arysta”) warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the label when used in accordance with the Directions for Use under normal conditions of use.

2. To the extent consistent with applicable law, this warranty does not extend to the use of this product contrary to label instructions, or under abnormal use conditions, or where conditions not reasonably foreseeable to Arysta exist, to the extent consistent with applicable law, Arysta disclaims all other warranties, expressed or implied, including any warranty of merchantability or fitness for a particular purpose, to the extent consistent with applicable law, seller’s liability shall be limited to the return of the purchase price, Arysta does not authorize any agent or representative to make any other warranty, guarantee or representation concerning this product.

3. Critical and unforeseeable factors beyond Arysta’s control prevent Arysta from eliminating all risks in connection with the use of this product. Such risks include, but are not limited to, damage to plants and crops to which the product is applied, lack of complete control, and damage caused by drift to other plants or crops. Such risks also occur even though the product is reasonably fit for the use stated on the label and even though label directions are followed. Except as stated above, to the extent consistent with applicable law, Arysta, by purchasing, accepting and using this product, the buyer and user acknowledge and assume all risks and liabilities resulting from handling, storage, and use of this product.
