PINE DISINFECTANT CLEANER

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Open dumping is prohibited. Store in original container in areas inaccessible to children.

Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal: Nonrefillable container. Do not reuse or refill this container. Clean container promptly after emptying. Triple rinse as follows: Fill container ½ full with water and reclose the container. Agitate vigorously, and dispose of rinsate consistent with pesticide disposal instructions. Repeat two more times. Then offer for recycling if available or puncture and dispose in sanitary landfill or by other procedures approved by state and local authorities. Follow pesticide disposal instructions for rinsate. If not triple rinsed, these containers are acute hazardous wastes and must be disposed in accordance with local, state, and federal regulations.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER. CORROSIVE. Causes irreversible eye damage and skin burns.

Do not get in eyes, on skin or on clothing. Harmful if swallowed. Avoid contamination of food. Wear protective eyewear (goggles), face shield or safety glasses), protective clothing and rubber gloves. Wash thoroughly with soap and water after handling. PINE DISINFECTANT CLEANER

This product is effective against a wide variety of gram-positive and gram-negative bacteria. It is also an excellent deodorant and is especially effective in controlling odors that are bacterial in origin.

This product mixes with water to form clear, stable use solutions. Use solutions are non-corrosive and non-staining to plastic, vinyl, synthetics, enamel & tile and most common metals. Has a pleasant pine odor.

Use this product for cleaning and deodorizing, one-step cleaning and disinfection of precleaned, hard nonporous surfaces.

Use this product in hospitals, nursing homes, convenience stores, institutional facilities, public rest rooms, institutions, colleges, athletic facilities, locker rooms, transportation terminals, hotels and motels, business and office buildings.

Use this product on washable hard nonporous surfaces: floors, walls, cabinets, countertops, stovetops, sinks, appliances, tables, chairs, desks, telephones, door knobs, garbage cans, tubs and glazed tiles, and hard nonporous surfaces made of glazed porcelain, glazed ceramic, linoleum, sealed stone, fiberglass and plastic (such as polystyrene, polypropylene) enameled surfaces, finished woodwork, vinyl and plastic upholstery.

MSDS #: MS0600456

D1

RENO2810-UC

*Effective at 6 oz. per gallon of water against Pseudomonas aeruginosa PRO-10, Salmonella enterica ATCC 10706, and Staphylococcus aureus ATCC 6538 when tested by the A.O.A.C. Use Dilution Test Method for precleaned, hard nonporous surfaces.

**An effective virucide at 6 oz. per gallon of water against NorVirus Simplex Virus Type 2 and Influenza Virus Type A/Brazil.

When applied as directed to precleaned hard, nonporous surfaces, this product also kills the following organisms at 6 ounces per gallon: Enterobacter aerogenes, Escherichia coli, Shigella sonnei, Streptococcus pyogenes, Candida albicans.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

APPLICATION INFORMATION

Select the proper use-dilution of this product from the directions below.

Apply the use-solution with a clean mop, sponge, cloth, squeegee, or mechanical scrubber. For disinfection, thoroughly wet the surfaces to be treated. Surfaces must remain moist for at least 10 minutes to assure proper germicidal action. Wipe dry with a clean cloth or sponge or allow to air dry. Rinse all surfaces that come in contact with food such as countertops, appliances, tables and stovetops with potable water before reuse. Do not use this product on utensils, glassware or dishes. Prepare fresh use solutions daily. Do not reuse solutions. Discard solutions when they become visibly soiled.

Cleaning: To Clean and Deodorize or to PreClean Prior to Disinfection. Depending on the soil level of the area to be cleaned, use 3 to 12 oz. of this product per gallon of water.

Disinfecting: Hospitals, Healthcare Facilities (Clinics), Nursing Homes: Use 7/8 oz. of this product per gallon of water (1 part to 16 parts water) for one-step cleaning and disinfection of areas with light to medium soil loads. For heavily soiled areas, preclean as described above and then disinfect with 6 oz. of this product per gallon of water (1 part to 20 parts water).

This product is not to be used on medical device surfaces.

Industrial areas, Barber Shops, Restrooms, Restaurants, Public Rooms, Other Non-Medical use sites; PreClean surfaces. Then, disinfect with a use-solution of 4 oz. of this product in a gallon of water (1 part to 32 parts water). Alternatively, clean and deisnfect in one operation using 7/8 oz. of this product per gallon of water.

DEODORIZING: garbage cans, garbage trucks, industrial waste receptacles and garbage handling equipment. It is especially important to preclean for the product to perform properly. Then, apply a wetting concentration of 15 oz. of this product per gallon of water.

FOR MILDEW CONTROL: Follow directions for hospital disinfection. Repeat treatment every seven days, or more often if new growth appears.

FUNGIcAL ACTIVITY: At 7/8 oz. per gallon of water (or equivalent dilution) this product is effective against Candida albicans on hard non-porous surfaces.
