For Use in Homes and Other Residential Dwellings, Hospitals, Nursing Homes, Clinics, Medical Facilities, Business, Hotels, Motels, Restaurants, Schools, Institutions and Commercial Establishments.

Needs No Rinsing.

Respiratory illnesses attributable to *Pandemic 2009 H1N1* are caused by *Influenza A* virus. This product is a broad-spectrum hard surface disinfectant that has been shown to be effective against *Influenza A* virus and is expected to inactivate all influenza A viruses including *Pandemic 2009 H1N1* (formerly known as "swine flu").

Disinfects: Acts as a disinfectant on hard, non-porous environmental surfaces such as toilet seats, features, grout, tile, wash bowls, shower stalls, walls, finished woodwork, counter tops, kitchen counter tops, tables and outside surfaces of appliances.

The easy way to clean, disinfect and deodorize. Clear and visible clean. Cleans and disinfects without soiling or scratching. Use in nursery and sickroom, for garbage and diaper pails, for any washable hard, non-porous environmental surface that needs disinfecting as you clean.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To Clean and Deodorize: Remove all loose soil and debris from surfaces to be treated prior to using the product.

Shake Well Before Each Use. Pour into a spray bottle. Apply to the surface to be treated. Allow product to remain on the surface for the time stated on the label. Use the prescribed amount for the size of the area to be treated. For very difficult-to-clean spots, apply a heavier concentration. For heavily soiled areas, use a cloth, brush or sponge to apply the concentrate. Do not use on anti-skid surfaces, or where slipperiness is required.

To Disinfect: After surface is cleaned, hold 6 to 8" away from surface to be treated. Spray until the surface is thoroughly wet. Allow to dry for 10 minutes. Do not dry to dry with a towel, paper towel or other material. Do not allow to drip or run down the sides of the container.

Storage and Disposal

Pesticide Storage: Store in a cool, dry (preferably locked) place inaccessible to children and pets and away from direct sunlight, windows, flames and other sources of heat or ignition. Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at a licensed waste disposal facility. Container Disposal: Non-refillable container; do not refill or reuse this container. Do not puncture or incinerate. If empty: Place in trash or recycler if available. If partly filled: Call your local solid waste agency for disposal instructions.

**PRECAUTIONARY STATEMENTS**

Hazards to Humans & Domestic Animals

CAUTION: Causes moderate eye irritation. Harmful if absorbed through the skin. Avoid contact with eyes, skin or clothing. If mist, dilute. Avoid breathing vapor or spray mist. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

First Aid

If In Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes. If Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-929-9090 for emergency medical/treatment information.

Physical or Chemical Hazards

Contains under pressure. Do not use or store near fire, sparks or heated surfaces. Do not store in direct sunlight. Do not smoke while using this product. Do not puncture or incinerate container. Exposure to temperatures above 120°F (49°C) may cause bursting. Inhaling of container may cause explosion.
