### PRODUCT DESCRIPTION & USE

**DESCRIPTION & DIRECTIONS FOR USE**

Ferrobrite AQ is an effective acidulant for use in suppressing iron stain in ready-to-use antisapstain solutions. Add 0.1 to 1.0% w/v to ready-to-use antisapstain solution to effect pH of 4±1 as required to suppress iron stain. Read this label and Material Safety Data Sheet before handling or use. Not for agricultural, food, feed or aquatic use.

**ENVIRONMENTAL HAZARDS**

Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment washwaters.

**STORAGE & DISPOSAL**

Store in original closed container in a cool, well-ventilated location. Avoid contact with amphoteric metals such as aluminum and zinc (including galvanized steel) as flammable hydrogen gas may form. Keep from freezing. Do not reuse empty containers: triple rinse, then recycle or dispose of container in accordance with applicable State and local requirements.

### WHMIS INFORMATION

**CORROSIVE**

KEEP OUT OF REACH OF CHILDREN

**DANGER**

Corrosive. Causes irreversible eye damage. Do not get in eyes, on skin, or on clothing. Wear protective eyewear (goggles or face shield). Harmful if swallowed, inhaled or absorbed through skin. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse. Use a respirator suitable for protection against corrosive mist if exposed to mists.

**FIRST AID**

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. If inhaled: Move person to fresh air. If person is not breathing call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice. Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.
