PEEL HERE FOR ADDITIONAL INFORMATION AND DIRECTIONS FOR USE

FIRST AID
IF IN EYES: Hold eye open and rinse slowly and gently with water for 20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for advice.

IF SWALLOWED: Call a poison control center or doctor immediately (or get medical advice). Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING: Take off contaminated clothing, rinse skin immediately with plenty of soap and water for 15 to 20 minutes. Call a poison control center or doctor for treatment. Note to physician: Possible renal damage may be caused by gastric lavage.

See the product container or label when calling a poison control center or doctor, or going for treatment. You may also contact INGREDIENTS 1-800-553-5653 for emergency medical treatment.

ADDITIONAL PRECAUTIONARY STATEMENTS

ALGICIDE/BACTERICIDE FOR RESIDENTIAL SPAS AND HOT TUBS

USE INFORMATION
Cleanwater Blue™ is used to control algae and to suppress nonpathogenic bacteria and bacteria that cause odor problems in residential spas and hot tubs.

SPECIFIC DIRECTIONS FOR USE
To control algae and nonpathogenic bacteria and bacteria that causes odor problems in residential spas and hot tubs:

Pour Spa and Hot Tubs: Apply at the rate of 6 mL of Cleanwater Blue™ per 100 gallons of water using supplied measuring cup. This dosage yield will be a 0.8% ppm metallic copper. Copper treated pool should not be discharged where it will drain into lakes, streams, ponds or public water. Application should be made before visible algae appears.

Every 14 Days: Test the copper level using a standard commercial swimming pool or spa copper test kit. Add Cleanwater Blue™ to raise level to 2.0 ppm (see table). The amount of Cleanwater Blue™ to be added is proportional to the starting concentration and volume of water. Do not exceed 5.0 ppm metallic copper.

APPLICATION AND HANDLING EQUIPMENT
Application, handling, or storage equipment MUST consist of fiber glass, polypropylene, viton, corrosion resistant plastics or stainless steel. Never use mild steel, nylon, brass or copper around Cleanwater Blue™. Always rinse and clean equipment thoroughly each night with plenty of fresh, clean water.

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store in a safe place away from pets and keep out of the reach of children. Store away from excessive heat. Cleanwater Blue™ will lose its efficacy upon storage. Always store Cleanwater Blue™ above 32 degrees F (0 degrees C). Flushing may cause product separation. Always keep container closed. Store Cleanwater Blue™ in its original container only. Keep away from galvanized pipe and any nylon netting or filtering equipment thoroughly each night with plenty of fresh, clean water.

IMPORTANT: READ BEFORE USING - LIMITED WARRANTY AND LIMITATION OF REMEDIES
Read the entire label. Obtaining warranty or performing any maintenance or repairs including limitations on liability, before using this product, if the product is not acceptable, return the unused product container at once. By using this product, user agrees to the following conditions; the product is warranted to the consumer for 30 days from the date of manufacture and in the original container. The seller and its distributors expressly disclaim any liability for any loss or damage to person or property resulting from the use of this product beyond the limitations set forth herein. The product is not a substitute for professional advice. To the extent consistent with applicable law, all such risks shall be assumed by the user or buyer.

To the extent consistent with applicable law, seller warrants that the product conforms to the essential operations and is reasonably fit for the purpose stated on the label for use under normal conditions, but makes no other warranties of FITNESS FOR MERCHANTABILITY expressed or implied, or any other warranty in the product is used contrary to the label instructions, or under conditions not foreseeable to the seller. To the extent consistent with applicable law, the seller shall not be liable for more than the cost of this product to the buyer and will in no event be liable for any consequential, special, indirect or incidental damages associated with the use or handling of this product. This product is offered and the user or buyer accepts it subject to the above terms, which may not be varied. Seller makes no warranty for product which has been frozen.
