NUOSEPT® 497G PRESERVATIVE
INDUSTRIAL MICROBIOSTAT

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER
CORROSIVE: Causes irreversible eye damage. Causes skin burns. May be fatal if swallowed or inhaled. Do not get in eyes, on skin or on clothing. Wear goggles or face shield. A respiratory protection program that meets OSHA 1910.134 and ANSI Z88.2 requirements must be followed whenever workplace conditions warrant a respirator’s use. In case of overexposure when pumping or pouring use a NIOSH-approved TC 21-C dust/mist respirator. Prolonged or frequently repeated skin contact may cause allergic reactions on some individuals. Wear chemical resistant personal protective equipment such as coverall or apron and rubber gloves. Wash thoroughly with soap and water after handling and before eating, drinking or using tobacco. Remove and wash contaminated clothing before reuse.

FIRST AID
IF SWALLOWED: Call a Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a Poison Control Center or doctor. Do not give anything by mouth to an unconscious person.
IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice.
IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a Poison Control Center or doctor for further treatment advice.
IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a Poison Control Center or doctor for treatment advice. Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment.
NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

ENVIRONMENTAL HAZARDS
This product is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA. Do not contaminate water by clearing of equipment or disposal of wastes. Do not apply in marine or estuarine oil fields.

ACTIVE INGREDIENT:
1,2-Benzoisothiazolin-3-one ........................................ 19.00%
INERT INGREDIENTS: ........................................... 81.00%
TOTAL .................................................. 100.00%

For industrial use only as a Microbiostat Preservative for Aqueous Compositions such as Emulsion Paints, Aqueous Stains, Titanium Dioxide Stains, Oil in Water Emulsions, Latices, Water-Based Adhesives, Casein Rosin Dispersions, Textile Spin-Finish Solutions, Pesticide Formulations, Tape Joint Compound, Leather Processing Solutions, Inks, Home Cleaning Products (such as floor cleaners, floor waxes and polishes, surface cleaners, window cleaners, and dish detergents), Laundry Additives (such as liquid laundry detergents, fabric softeners, and stain removers) and Car Care Products (such as car washing products, car waxes, and silicone emulsions), and for the Preservation of Fresh Animal Hides and Skins.

KEEP OUT OF REACH OF CHILDREN
DANGER

DIRECTIONS FOR USE
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

A water soluble, liquid organic biocide (also called an antimicrobial or in-can preservative), recommended for use as an industrial preservative for the protection of caulks, sealants, grouts, spackling, ready-mixed cements*, ready mixed wallboard compounds, aqueous compositions such as emulsion paints, aqueous slurries, titanium dioxide slurries, oil in water emulsions, latices, water-based adhesives, caseinrosin dispersions, textile spin-finish solutions, pesticide formulations, tape joint compound, leather processing solutions, inks, home cleaning products (such as floor cleaners, floor waxes and polishes, surface cleaners, window cleaners, and dish detergents), laundry additives (such as liquid laundry detergents, fabric softeners, and stain removers) and car care products (such as car washing products, car waxes, and silicone emulsions), and for the preservation of fresh animal hides and skins. Typical use levels for each application may not exceed 0.25% by weight. For other applications, typical use levels range from 0.03 to 0.25% by weight in the final formula, but should not exceed 0.5% of the final product for any application.

STORAGE AND DISPOSAL
PROHIBITIONS: Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited.
STORAGE- Protect from frost. If frozen, allow to thaw and stir well before use.
PESTICIDE DISPOSAL- Pesticide wastes of this product are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinseate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.
CONTAINER DISPOSAL- Non-refillable container. Do not reuse or refill this container. Triple rinse (or equivalent) container promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container ¾ full with water and recap. Shake for 10 seconds. Pour rinseate into equipment application or a mix tank or store rinseate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities. Do not reuse plastic or glass containers.

* This use application is not approved for use in California.

DANGER

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

A water soluble, liquid organic biocide (also called an antimicrobial or in-can preservative), recommended for use as an industrial preservative for the protection of caulks, sealants, grouts, spackling, ready-mixed mortars*, ready mixed wallboard compounds, aqueous compositions such as emulsion paints, aqueous slurries, titanium dioxide slurries, oil in water emulsions, tallow, water-based adhesives, casein resin dispersions, textile spin-finish solutions, pesticide formulations, tape joint compound, leather processing solutions, linals, home cleaning products (such as floor cleaners, floor waxes and polishes, surface cleaners, window cleaners, and dish detergents), laundry additives (such as liquid laundry detergents, fabric softeners, and stain removers) and care care products (such as car washing products, car waxes, and silicone emulsions), and for the preservation of fresh animal hides and skins. Typical use level for pesticide formulations is 0.05% by weight. For other applications, typical use levels range from 0.03 to 0.25% by weight in the final formulation, but should not exceed 0.5% of the final product for any application.

STORAGE AND DISPOSAL

PROHIBITIONS- Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited.

STORAGE- Protect from frost. If frozen, allow to thaw and stir well before use.

PESTICIDE DISPOSAL- Pesticide wastes of this product are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL- Non-refillable container. Do not reuse or refill this container. Triple rinse (or equivalent) container promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container 1/4 full with water. Replace and tighten closures. Tip container on its side and roll and turn it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and let it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities. Do not reuse plastic or glass containers.

NOTE: READ THE MATERIAL SAFETY DATA SHEET BEFORE USING THIS PRODUCT.
