SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST
Mycoplasma (Myco) or Mycoplasma-like organisms, AIDS-Related Complex (ARC), or HIV-1 OR AIDS, AIDS-Related Complex
OR AIDS-Related Complex (ARC) may be present in infected cells and may
be transmitted through body fluids, such as blood, semen, vaginal
secretions, saliva, tears, or breast milk.

1. **Wear Protective Clothing:** Personal protection equipment should be worn when handling contaminated materials.

   **Face Mask:** A surgical mask or equivalent should be worn when working in areas where there is a risk of exposure to HIV-1 or AIDS.

   **Gloves:** Latex or nitrile gloves should be worn when handling contaminated materials.

   **Protective Eyewear:** Safety glasses or goggles should be worn when there is a risk of exposure to HIV-1 or AIDS.

   **Gowns:** A gown or protective clothing should be worn when there is a risk of exposure to HIV-1 or AIDS.

2. **Wash Hands:** After handling contaminated materials, wash hands thoroughly with soap and water for at least 15 seconds.

3. **Clean and Disinfect:** Surfaces should be cleaned and disinfected with appropriate disinfectants.

4. **Handle Specimens:** Specimens should be handled with appropriate precautions to prevent exposure to HIV-1 or AIDS.

5. **Destroy Contaminated Materials:** Contaminated materials should be destroyed according to local regulations.

**STORAGE AND DISPOSAL**

- **Storage:** Specimens should be stored at -20°C or below until they can be transported to a laboratory for further processing.
- **Disposal:** Specimens should be disposed of according to local regulations.

**PRECAUTIONARY STATEMENTS**

- **HAZARDS TO HUMANS AND DOMESTIC ANIMALS:**
  - **DANGER:** Exposure to HIV-1 or AIDS may cause serious illness or death.
  - **WARNING:** Exposure to HIV-1 or AIDS may cause serious illness or death.

- **SAFETY PRECAUTIONS:**
  - **DANGER:** Exposure to HIV-1 or AIDS may cause serious illness or death.
  - **WARNING:** Exposure to HIV-1 or AIDS may cause serious illness or death.

- **FIRST AID:**
  - **DANGER:** Exposure to HIV-1 or AIDS may cause serious illness or death.
  - **WARNING:** Exposure to HIV-1 or AIDS may cause serious illness or death.

- **PRECAUTIONS:**
  - **DANGER:** Exposure to HIV-1 or AIDS may cause serious illness or death.
  - **WARNING:** Exposure to HIV-1 or AIDS may cause serious illness or death.

Broad Spectrum Disinfectant Cleaner

A multi-purpose, neutral pH, germicidal detergent and deodorant effective in hard water up to 400 ppm (calculated as CaCO₃) in the presence of a moderate amount of soil (6% organic serum) according to the AOAC Use-solution Test. Disinfects, cleans, and deodorizes in one labor-saving step.

Effective against the following pathogens:

* Pseudomonas aeruginosa
* Staphylococcus aureus
* Salmonella enterica
* Acinetobacter calcoaceticus
* Bordetella bronchiseptica
* Chlamydia psittaci
* Community Associated Methicillin-Resistant Staphylococcus aureus - [CA-MRSA] (NRS384) (USA300)
* Community Associated Methicillin-Resistant Staphylococcus aureus - [CA-MRSA] (NRS123) (USA400)
* Enterobacter aerogenes
* Enterobacter cloacae
* Enterococcus faecalis – Vancomycin Resistant (VRE)
* Escherichia coli
* Fusobacterium necrophorum
* Klebsiella pneumoniae
* Legionella pneumophila
* Listeria monocytogenes
* Pasteurella multocida
* Proteus mirabilis
* Proteus vulgaris
* Salmonella enteritidis
* Salmonella typhi
* Salmonella typhimurium
* Serratia marcescens
* Shigella flexneri
* Shigella sonnei
* Staphylococcus aureus – Methicillin resistant (MRSA)
* Staphylococcus aureus – Vancomycin Intermediate Resistant (VISA)
* Staphylococcus epidermidis
* Streptococcus faecalis
* Streptococcus pyogenes

1 ATCC & antibiotic-resistant strain
2 antibiotic-resistant strain only

(Viruses):
* Adenovirus Type 4
* Hepatitis B Virus (HBV)
* Hepatitis C Virus (HCV)
* Herpes Simplex Type 1
* Herpes Simplex Type 2
* Human coronavirus
* HIV-1 (AIDS virus)
* Influenza A/Hong Kong
* Respiratory Syncytial Virus
* Rotavirus
* Rubella
* Vaccinia
* SARS Associated Coronavirus (case of Severe Acute Respiratory Syndrome)

DIRECTIONS FOR USE

TOILET BOWLS: Swab bowl with brush to remove heavy soil prior to cleaning or disinfecting. Clean by applying use-solution around the bowl and up under the rim. Stubborn stains may require brushing. To disinfect, first preclean to remove heavy soil, then remove or expel over the inner trap the residual bowl water. Pour in 3 oz of the use-solution. Swab the bowl completely using a scrub brush or mop, making sure to get under the rim. Let stand for 10 minutes or overnight, then flush.

MILDEWSTATIC INSTRUCTIONS: Will effectively control the growth of mold and mildew plus the odors caused by them when applied to hard, nonporous surfaces such as walls, floors, and table tops. Apply use-solution of 1/2 oz. per gallon of water with a cloth, mop, sponge, or coarse spray. Make sure to wet all surfaces completely. Let air dry. Repeat application weekly or when growth reappears.

See container label for Use Directions, Precautionary and First Aid information.
