Disinfectant Restroom Cleaner N/A

**KILLS HIV on Pre-Cleaned Environmental Surfaces/Objects Previously Soiled with Blood/Bodily Fluids**
- In healthcare settings/clinics, nursing homes, or other settings in which there is an expected likelihood of soiling of immediate environmental surfaces by blood or bodily fluids, and in which the harm to infants is to be assured that blood or bodily fluids can be associated with the potential for transmission of Human Immunodeficiency Virus Type 1 (HIV) (associated with AIDS).

**SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV ON SURFACES/OBJECTS SOILED WITH BLOOD/BODILY FLUIDS:**
- Personal Protection: Disposable barrier gloves, gowns, masks and splash resistant goggles must be worn when handling items soiled with blood or bodily fluids.
- Cleaning Procedures: Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of this disinfectant. Contact Time: Leave surface wet for 10 minutes.
- Disposal of Infectious Materials: Blood and other body fluids should be autoclaved and disposed of according to local regulations for infectious waste disposal.

**STORAGE AND DISPOSAL**
- Store in an area inaccessible to children. Nonrefillable container. Do not re-use or refill this container. Offer for recycling if available. Otherwise, wash empty container in plastic bag and discard in trash.

**PRECAUTIONARY STATEMENTS**

**HAZARD TO HUMANS AND DOMESTIC ANIMALS**
- CAUTION:Do not allow pets in the area. Do not allow children access to the product.

**KEEP OUT OF REACH OF CHILDREN**

See reverse side for additional precautionary statements.

**FIRST AID**

**IF INHALED**
- Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

**IF ON SKIN**
- Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for further treatment advice.

**IF IN EYES**
- Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses. If present, after the first 5 minutes, then continue rinsing eyes. Call a poison control center or doctor for further treatment advice.

Have the product container or label with you when calling a poison control center or doctor for treatment advice.
