Vetticide Disinfectant Bowl Cleaner

DIRECTIONS FOR USE

To open: Slide button on cap to unlocked position and pull back. Pinch base of cap and pull down. Do not allow cap to unlock while in use. Discard product as hazardous waste when removed at least 15 minutes, when full. Special disposal is necessary.

In use: Apply misted solution to toilet bowl and flush. Never flush directly into toilet. Never allow direct contact with eyes, mouth, or skin. Do not use with other cleaning agents, disinfectants, or sanitizers. Do not mix with other products. Do not use in the presence of food, beverages, or food-contact surfaces.

Special instructions for cleaning and decontamination against SARS-CoV-2, influenza virus (H1N1), and norovirus (norovirus) (not for use on food-contact surfaces).

DIRECTIONS FOR DISPOSAL

Recommended methods for the disposal of chemical waste should be used. For specific guidance, please refer to the manufacturer's instructions. For more information, please contact your local hazardous waste disposal service.

STORAGE AND DISPOSAL

Store in a cool, dry area, away from heat or sunlight. Do not store near water sources. Disposal of Unuseable Materials: Follow the manufacturer's instructions for proper disposal.

Pesticide Disposal: Pesticide-soiled rags and boxes should be disposed of by burning or by proper disposal at a hazardous waste treatment facility in accordance with local regulations. For more information, please contact your local hazardous waste disposal facility or the Environmental Protection Agency (EPA).

CONTAINER DISPOSAL: Non-combustible. Do not burn. Wash containers and put in trash.
