PRECAUTIONARY STATEMENTS:

HAZARDS TO HUMANS AND DOMESTIC ANIMALS: Danger. Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not put in eyes, on skin or on clothing. Do not handle with bare hands. When handling, wear rubber gloves and protective gear. Do not eat or drink. Avoid breathing dust and fumes. Wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS: This product is toxic to fish and aquatic organisms.

PHYSICAL AND CHEMICAL HAZARDS: Strong Oxidizing Agent. May react with water, unstable, dry reactants. Do not add this product to any dispersing device containing water or any other product. Keep reaction away from water, chlorine gas and aquatic life sources. In case of contamination of equipment, do not reuse. Add to a solution and clean with a non-corrosive acid. It is not recommended for use in hot water systems or in systems with high chlorine levels.

STORAGE AND DISPOSAL:

Stable in its sealed container when not in use. Store in cool, dry, well ventilated area away from heat or open flame. In case of decomposition, remove container or bottom of vessel and let material dry. Disposal: Do not reuse or refill this container. Offer for recycling if available. If properly filled, Caution your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

DIRECTIONS FOR USE:

1. Read and follow the instructions on the label. This product is a strong oxidizing agent. Do not mix with other products, including water, unless specifically directed by the manufacturer. Store the product in a dry, cool place. Do not use the product if it is cloudy or has a strong odor. Use only the amount recommended on the label.

2. Wear appropriate personal protective equipment, including gloves, goggles, and a face mask. Do not inhale the product. Avoid contact with skin and eyes. Wash thoroughly with soap and water after handling.

3. Keep out of reach of children and pets. Do not use this product in any feeder, skimmer or other chlorinating device in which any other chlorinating compound has been used.

4. Mix only into water. Never use this product in any feeder, skimmer or other chlorinating device in which any other chlorinating compound has been used.

5. If you accidentally spill the product, flush with plenty of water. In case of contact with eyes, rinse with plenty of water for at least 15 minutes. In case of contact with skin, wash with plenty of water for at least 15 minutes. In case of ingestion, induce vomiting. Do not give anything by mouth to an unconscious person.

6. If you think you have been exposed, seek medical attention immediately. Call 911 or your local emergency number. Be ready to answer questions about your exposure.

7. If you think you have been exposed, seek medical attention immediately. Call 911 or your local emergency number. Be ready to answer questions about your exposure.

8. If you think you have been exposed, seek medical attention immediately. Call 911 or your local emergency number. Be ready to answer questions about your exposure.
