RAPIDYN® is regulated by the U.S. Food and Drug Administration under the Food Additive Regulation. It is approved for use on food-processing equipment and contains up to 35 ppm of trinitol iodine, without requiring a rinse with potable water.

**DIRECTIONS FOR USE**

It is in violation of Federal Law to use this product in a manner inconsistent with its labeling.

RAPIDYN® is specifically formulated for use on the bottling, bottling, and food-processing equipment. It is effective against mold, bacteria, and viruses found in water, filters, and packaging equipment. When used as directed, the product is non-toxic and non-corrosive. It is also effective in reducing biofilm formation in food-processing equipment.

**NOTICE:** RAPIDYN® is not affected by most common bacteria such as Escherichia coli (E. coli), which are usually associated with food processing equipment. RAPIDYN® is effective against all types of food-processing equipment and can be used with stainless steel, glass, and plastic equipment.

**KEEP OUT OF REACH OF CHILDREN**

DANGER.
CORROSIVE.

See first panel for additional precautions. CHEM-TREC EMERGENCY # 1-800-424-9300

**STORAGE AND DISPOSAL**

Keep container closed when not in use. Do not store below 0°F for extended periods.

**Pesticide Disposal:** Do not contaminate water, food, or feed storage or disposal.

**Rapidyn** is a strongly hazardous material. Improper disposal of pesticide wastes or residue is a violation of Federal law. The pesticide must be disposed of according to your State or Local Environmental Protection Agency or the Hazardous Waste Management Plan of your area.

**CONTAINER DISPOSAL:** Dispose of contents/container according to local, State, or Federal regulations. Follow the recommendations of your State or Local Environmental Protection Agency or the Hazardous Waste Management Plan of your area.

**ENVIRONMENTAL HAZARDS:** This product is toxic to fish and aquatic organisms. Do not contaminate water by washing equipment or disposing of wastewater. Do not discharge effluent containing this product into lakes, streams, ponds, rivers, creeks, or other waters unless in accordance with the requirements of your State or Local Environmental Protection Agency or the Hazardous Waste Management Plan of your area.

**PRECAUTIONARY STATEMENT:**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

Keep Out Of Reach Of Children.

CORROSIVE.

Causes irreversible eye damage or skin burns. Harmful if swallowed or absorbed through skin or inhalation. Do not get in eyes, on skin, or on clothing. Wear rubber gloves. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

**PHYSICAL AND CHEMICAL PROPERTIES:** Mix only with water following label directions. Do not mix with chlorinated cleaners and sanitizers. Chlorine gas will be formed. Contact with certain metal alloys may generate hydrogen gas. Do not use in areas near heat or open flame.

**ENVIRONMENTAL HAZARDS:** The product is toxic to fish and aquatic organisms. Do not contaminate water by washing equipment or disposing of wastewater. Do not discharge effluent containing this product into lakes, streams, ponds, rivers, creeks, or other waters unless in accordance with the requirements of your State or Local Environmental Protection Agency or the Hazardous Waste Management Plan of your area.

**D.O.T. DESCRIPTION:**

UN1289, Corrosive liquid, acidic, isotropic, N.O.S. (contains Phosphoric Acid), 8, PG II
