CONTAINS 86 No Touch Pellet Packs

Kills Rats & House Mice
Kills Norway rats, roof rats, house mice and warfarin resistant Norway rats.

This product has been treated with S-methoprene to protect the bait from infestation by insects.

*Norway rats and house mice may consume a lethal dose in a single night’s feeding with first dead rodents appearing four or five days after feeding begins.

For Use In and Around Agricultural Buildings Only.

For indoor and outdoor rat and house mouse control.

ACTIVE INGREDIENT:
Bromadiolone .................................................. 0.005%
OTHER INGREDIENTS†: ..................................... 99.995%
TOTAL: .......................................................... 100.000%
†Contains denatonium benzoate

KEEP OUT OF REACH OF CHILDREN
CAUTION
See back panel for additional precautionary statements.

EPA Reg. No. 270-372
EPA Est. No. 75806-AZ-1

NET CONTENTS:
129 oz (86, 1.5 oz Place Packs)
• Kills rats and house mice.
• Helps provide control of rats and house mice
• Place packs fit in burrows, runways and hard-to-reach areas

PRECAUTIONARY STATEMENTS
Hazards To Humans And Domestic Animals
CAUTION: Harmful if swallowed. Keep away from children, domestic animals and pets. All handlers (including applicators) must wear long-sleeved shirt and long pants, and shoes plus socks. Any person who retrieves carcasses or unused bait following application of this product must wear gloves.

User Safety Requirements
Follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry. Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash hands thoroughly after applying bait and before eating, drinking, chewing gum, using tobacco, or using the toilet and change into clean clothing.

FIRST AID
Have label with you when obtaining treatment advice
IF SWALLOWED:
• Call a poison control center or doctor immediately for treatment advice.
• Have person sip a glass of water if able to swallow.
• Do not induce vomiting unless told to do so by the poison control center or doctor.

NOTE TO PHYSICIAN
If swallowed, this material may reduce the clotting ability of the blood and cause bleeding. If ingested, administer Vitamin K₁ intramuscularly or orally. Repeat as necessary based on monitoring of prothrombin times.

TREATMENT FOR PET POISONING
If animal eats bait, call veterinarian or 1-800-234-2269 at once.
NOTE TO VETERINARIAN
Anticoagulant Bromadiolone: For animals ingesting bait and/or showing poisoning signs (bleeding or elevated prothrombin times) give Vitamin K₁. If needed, check prothrombin times every 3 days until values return to normal (up to 30 days). In severe cases, blood transfusions may be needed.

ENVIRONMENTAL HAZARDS: This product is extremely toxic to mammals and birds. Dogs, cats and other predatory and scavenging mammals and birds might be poisoned if they feed upon animals that have eaten this bait. This pesticide is toxic to fish. Do not apply this product directly to water or areas where surface water is present or to intertidal areas below the mean high water mark. Runoff also may be hazardous to aquatic organisms in water adjacent to treated areas. Do not contaminate water when disposing of equipment wash water or rinsate.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ THIS LABEL: READ THIS ENTIRE LABEL AND USE STRICTLY IN ACCORDANCE WITH USE DIRECTIONS, USE RESTRICTIONS, AND WITH APPLICABLE STATE AND FEDERAL REGULATIONS. USE ONLY FOR THE SITES, PESTS, AND APPLICATION METHODS DESCRIBED ON THIS LABEL.
It is illegal to sell these place packs individually.

IMPORTANT: Do not expose children, pets or other non-target animals to rodenticides. To help prevent accidents:
1. Store product not in use in a location out of reach of children and pets.
2. Apply bait in locations out of reach of children, pets, domestic animals and nontarget wildlife, or in tamper-resistant bait stations. These stations must be resistant to destruction by dogs and by children under six years of age, and must be used in a manner that prevents such children from reaching into bait compartments and obtaining bait. If bait can be shaken from stations when they are lifted, units must be secured or otherwise immobilized. Even stronger station are needed in areas open to hopped livestock, raccoons, bears or other potentially destructive animals, or in areas prone to vandalism.
3. Dispose of product container, unused, spoiled and unconsumed bait as specified on this label.

Note: Bait stations are mandatory for outdoor above-ground use. Tamper-resistant bait stations must be used if children, pets, non-target mammals, or birds may access the bait.

Do not apply this product in a way that will contact workers or other persons. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

USE RESTRICTIONS: For control of Norway rats, roof rats and house mice in and around agricultural buildings only. Do not apply further than 50 feet from agricultural buildings. Do not use in homes or other human residences. Do not place near or inside ventilation duct openings. Do not contaminate water, food, feedstuffs, food or feed handling equipment, or milk or meat handling equipment or surfaces that come into direct contact with food. Do not broadcast bait.

Do not sell this product in individual containers holding less than 8 pounds of bait.

SELECTION OF TREATMENT AREAS: Determine areas where rats and/or mice will most likely find and consume the bait. Generally, these are along walls, by gnawed openings, in corners and concealed places, between floor and walls, or in locations where rats and/or mice or their signs have been seen. Protect bait from rain and snow. Remove as much alternative food as possible.

APPLICATION PROCEDURES
RATS: Place at least 2 to 10 packs at intervals of 15 to 30 feet per placement in infested areas. Maintain an uninterrupted supply of fresh bait for 10 days or until signs of rat activity cease.
MICE: Use one pack per placement at 8 to 12 foot intervals in infested areas. Maintain an uninterrupted supply of fresh bait for 15 days or until fresh signs of mouse activity cease.

FOLLOW-UP: Replace contaminated or spoiled bait immediately. Wearing gloves, collect and dispose of all dead animals and leftover bait properly. To prevent reinfestation, limit sources of rodent food, water and harborage as much as possible. If reinfestation does occur, repeat treatment. Where a continuous source of infestation is present, establish permanent bait stations and replenish bait as needed.

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage and disposal.

PESTICIDE STORAGE: Store only in original container, in a cool, dry place inaccessible to children and pets.
Keep containers closed and away from other chemicals.

PESTICIDE DISPOSAL: Dispose of wastes resulting from the use of this product in trash or at an approved waste disposal facility.

CONTAINER HANDLING: Non-refillable container. Do not reuse or refill this container. Triple rinse (or equivalent), then offer for recycling or reconditioning; or puncture and dispose of in a sanitary landfill; or by incineration. In most states, burning is not allowed.

CONDITIONS OF SALE
To the extent consistent with applicable law FARNAM COMPANIES, INC. warrants this product in its unopened package conforms to the chemical description on the label and is reasonably fit for the purposes set forth on the label when used according to directions under normal use conditions as specified on this label. There are no other warranties, expressed or implied, concerning the use of this product other than as indicated on the label. To the extent consistent with applicable law, this warranty does not extend to the handling or use of this product contrary to label instructions or under abnormal conditions or conditions not reasonably foreseeable to seller, and buyer assumes all risk of any such use.
