**STORAGE AND DISPOSAL:**

Storage: Never return this product to the original container after it has been removed. Avoid all containers, equipment, and piping that have been exposed to this product by dilution with water and flushing out. If you are using in-line blenders, mixers, pumps, or other equipment, you must flush out that equipment with driver-grade water. Do not drain into sewers unless approved by the permitting authority. This product must be returned to the original container out of direct sunlight. To maintain product quality, store at temperatures below 5°F.

Proper Disposal: Never dispose of this product in any manner that could cause contamination of drinking water supplies. This product must be disposed of following all applicable local and state regulations.

**ENVIRONMENTAL HAZARDS:**

This product is toxic to birds, fish and aquatic invertebrates. Caution must be used when applying outdoors because runoff may be harmful to wildlife and aquatic ecosystems. Do not discharge effluent into surface water bodies.

**ACTIVE INGREDIENT:**

Peracetic Acid 5.6%

**INERT INGREDIENTS:**

Hydrogen Peroxide 25.5%

**TOTAL:** 100.0%

**EPA Registration No:**

39838-1-2686

**EPA Estabishment No:**

39838-CA-01: 39838-AR-001

**Questions:**

1-908-581-9576

**PHYSICIAN:**

Probable mucosal damage may contraindicate the use of gastric lavage.

**PROHIBITED ITEMS:**

Nut, Oat, Whey, Yeast, Corn, Barley, and other food processing byproducts.

**ENTRYWAY SANITIZING SYSTEMS**

- The foam must cover the entire path of the doorway.
- For effective coverage of footwear and forklift tires, etc., apply a foam layer 0.5-2

**SWALLOWED:**

- Call a poison control center or doctor for treatment advice.
- Have person sip a glass of water if able to swallow.
