RAXIL MD EXTRA Fungicide contains three active ingredients: Tebuconazole, Metalaxyl and Imazalil

ACTIVE INGREDIENTS: Tebuconazole
(Alpha-[3-(4-chlorophenyl)ethyl]-alpha-1,1-
dimethylcyclopropyl)1H-1,2,4-triazole-1-ethanol)..........................0.43%
Metalaxyl-N-[2,6-dimethylphenyl]N-(methoxyethoxy)alanesine methyl ester.............................................................0.58%
Imazalil [1-c-[2,4-dichlorophenyl]-2-[2-[(propenyl)(4-hydroxy-1H-imidazole)
INERT INGREDIENTS:                                                          1.00%
Contains 0.04 pounds Tebuconazole, 0.02 pounds Metalaxyl and 0.09 pounds
Imazalil per 0.5 gallon.
Contains Imazalil, an active ingredient from Janssen Pharmaceutica, N.V., Beersel, Belgium.

KEEP OUT OF REACH OF CHILDREN CAUTION

## FIRST AID

| IF IN EYES: | • Hold eye open and rinse slowly and gently with water for 15-20 minutes.  
|            | • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.  
|            | • Call a poison control center or doctor for treatment advice. |
| IF ON SKIN OR CLOTHING: | • Take off contaminated clothing.  
|                          | • Rinse skin immediately with plenty of water for 15-20 minutes.  
|                          | • Call a poison control center or doctor for treatment advice. |

In case of emergency call toll free the Bayer CropScience Emergency Response Telephone No. 1-800-334-7677. Have a product container or label with you when calling a poison control center or doctor, or going for treatment.

## PRECAUTIONARY STATEMENTS

**CAUTION**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

Causes eye irritation. Avoid contact with skin, eyes and clothing. Harmful if absorbed through skin.

**PERSONAL PROTECTIVE EQUIPMENT (PPE)**

Some materials that are chemical-resistant to this product are listed below. If you want more options, follow the instructions for category 6 on an EPA chemical resistance category selection chart.

**All handlers must wear:** Long-sleeved shirt, long pants, shoes plus socks and chemical-resistant gloves, such as barrier laminate, butyl rubber > 14 mils, nitrile rubber > 14 mils, neoprene rubber > 14 mils, polyvinyl chloride (PVC) > 14 mils or Viton > 14 mils, except for bag sewers, planters, truck drivers, and sorters. All handlers must wear: Chemical resistant apron when mixing/loading, cleaning up spills, cleaning equipment, or otherwise exposed to the concentrate.

Follow manufacturer’s instructions for cleaning/ maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

**USER SAFETY RECOMMENDATIONS**

Users should: Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users should remove clothing/PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

**ENVIRONMENTAL HAZARDS**

This pesticide is toxic to fish, estuarine and marine invertebrates. Do not contaminate water when disposing of equipment washwaters. Cover or incorporate spilled treated seeds.
Groundwater Advisory: Metalaxyl and thiobencarb are known to leach through soil into groundwater under certain conditions as a result of agricultural use. Use of this chemical In areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. Apply this product only as specified on this label.

Surface Water Advisory: This product has a high potential for runoff for several months or more after application. Poorly draining soils and soils with shallow water tables are more prone to runoff than are soils with deep water tables. A level, well-maintained vegetative buffer strip between areas to which this product is applied and surface water features such as ponds, streams, and springs will reduce the potential for contamination of water from rainfall-runoff. Runoff of this product will be noticed by avoiding applications when rainfall is forecasted within 48 hours.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not apply this product in a way that will contact workers or other persons. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage, disposal, or by cleaning of equipment.

**PESTICIDE STORAGE**
Keep out of reach of children and animals. Store in a cool, dry place and avoid excess heat.

**PESTICIDE DISPOSAL**
This pesticide’s wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsewater is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**CONTAINER DISPOSAL**
Refillable container. Refill this container with pesticide only. Do not reuse this container for any other purpose. After emptying product from container, either return container to Bayer CropScience per instructions from Bayer CropScience Customer Service Center (1-800-997-4781) or rinse and otherwise dispose of the container as follows:

- Top Discharge 555, Drum, Kegs (e.g., - Stear 120 Next Gen, Bonar B120, Drums, and Keg):
  - Triple rinsing the container before final disposal is the responsibility of the person disposing of the container. Cleaning before refilling is the responsibility of the refiller. To triple rinse the container before final disposal, empty the remaining contents from this container into application equipment or mix tank. Fill the container at least 10 percent full with water. Agitate vigorously or recirculate water with the pump for 2 minutes. Rinse all interior surfaces. Pour or pump rinsate into application equipment or rinseout collection system. Repeat this procedure two more times.
  - Once container is rinsed, offer for recycling if available or puncture and dispose of in a sanitary landfill or by incineration.
SEED LABELING

"Seed that has been treated with this product that is packaged or bagged for future use must contain the following labeling on the seed tag:

Do not enter or allow worker entry into areas planted with treated seed during the restricted entry interval (REI) of 12 hours. Exception: Once the seeds are planted in soil or other planting media, workers may enter the treated area without restriction if there will be no contact with the soil/media subsurface.

PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated in:

Coveralls,
Shoes plus socks,
Chemical-resistant gloves made of any waterproof material, and
Protective eyewear.

This bag contains seed treated with Imazalil, Tebuconazole, and Metsulfuron. When opening this bag or loading/unloading the treated seed, wear long-sleeved shirt, long pants, shoes, socks, and chemical resistant gloves.

Treated Seed - Do Not Use For Food, Feed, or Oil Purposes.
Cover or collect spilled seeds.

Do not graze or feed livestock on treated areas for six weeks after planting."

RAXIL® MD EXTRA Fungicides is a combination of the systemic fungicides, tebuconazole, metalaxyl and metsulfuron which aid in the control or suppression of the following seed, seedling and soilborne diseases of wheat, barley and triticale: stinking smut, flag smut, loose smut, early season Sphacelotheca disease complex, general seed rots, Pythium damping-off, early season Rhizoctonia root rot, early season common root rot, southern Fusarium scab, early Fusarium foot rot, early season suppression of powdery mildew and early season suppression of leaf rust and barley stripe.

APPLICATION DIRECTIONS:

Use 5 fluid ounces of RAXIL MD EXTRA per 100 pounds of seed. Applications must be made using standard sprayer or mist-type seed treatment equipment. In some instances, a water and chemical slurry dilution may enhance coverage. A 1 part RAXIL MD EXTRA with 1 part water dilution may be used. This product is for commercial or co-till application. Do not use this product for direct application into a planter box. Uniform application to seed is necessary to ensure seed safety and best disease control. Seed should be sound and well cured prior to treatment. Consult your area agronomist regarding planting depth recommendations for the particular variety to be planted.

Refillable Containers
End users are authorized to remove tamper evident cables as required to remove the product.
from the container unless the container is equipped with one way valves and refilling or returning is planned. If this is the case, end users are not authorized to remove tamper evident cables, one way valves or clean container. See Container Disposal instructions under Storage and Disposal.

IMPORTANT: READ BEFORE USE

Read the entire Directions for Use, Conditions, Disclaimer of Warranties and Limitations of Liability before using this product. If terms are not acceptable, return the unopened product container at once.

By using this product, user or buyer accepts the following Conditions, Disclaimer of Warranties and Limitations of Liability.

Treatment of highly mechanically damaged seed, or seed of known low vigor and poor quality, may result in reduced germination and/or reduction of seed and seedling vigor. Treat and conduct germination tests on a small portion of seed before committing the total seed lot to a selected chemical treatment. Due to seed quality conditions beyond the control of Bayer CropScience, no claims are made to guarantee germination of carry-over seed.

CONDITIONS: The directions for use of this product are believed to be adequate and must be followed carefully. However, it is impossible to eliminate all risks associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of Bayer CropScience. All such risks shall be assumed by the user or buyer.

DISCLAIMER OF WARRANTIES: TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BAYER CROPSCIENCE MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE OR OTHERWISE, THAT EXTEND BEYOND THE STATEMENTS MADE ON THIS LABEL. No agent of Bayer CropScience is authorized to make any warranties beyond those contained herein or to modify the warranties contained herein. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BAYER CROPSCIENCE DISCLAIMS ANY LIABILITY WHATSOEVER FOR SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT.

LIMITATIONS OF LIABILITY: TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, THE EXCLUSIVE REMEDY OF THE USER OR BUYER FOR ANY AND ALL LOSSES, INJURIES OR DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, WHETHER IN CONTRACT, WARRANTY, TORT, NEGLIGENCE, STRICT LIABILITY OR OTHERWISE, SHALL NOT EXCEED THE PURCHASE PRICE PAID, OR AT BAYER CROPSCIENCE’S ELECTION, THE REPLACEMENT OF PRODUCT.

NOTICE TO BUYER

Purchase of this material does not confer any rights under patents governing this product or the use thereof in countries outside of the United States.
