Water Conditioning Agent for Herbicide Sprays / Dry Water Soluble Granules

Principal Functioning Agents
Ammonium sulfate, 2-hydroxy-1,2,3-propanetricarboxylic acid...98.99%
Constituents ineffective as spray adjuvants...................1.01%
Total.........................................................100.00%
At a rate of 4 pounds per 100 gallons of a spray, Fraction provides 0.24% by weight of ammonium sulfate. All ingredients are exempt from the requirements of a tolerance under 40 CFR 180.

KEEP OUT OF REACH OF CHILDREN
WARNING

Hazard Statements
May be harmful if swallowed. May be harmful in contact with skin. Causes mild skin irritation. Causes serious eye irritation.

Precautionary Statements
Wash hands, face and other affected areas thoroughly after handling. Wear protective eye/gloves/face protection. Do not eat, drink or smoke when using this product. Call a poison center or doctor/physician if you feel unwell.
IF SWALLOWED: Call a poison center or doctor/physician if you feel unwell.
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do; continue rinsing. If eye irritation persists, get medical advice/attention.
IF ON SKIN: If skin irritation occurs, get medical advice/attention. Not a skin sensitizer.
Refer to back of bag for more First Aid statements.

Storage and Disposal
Prohibitions: Do not contaminate water, food or feed by storage or disposal. Read all precautions of products being handled and follow the most restrictive language for all products to provide the safest work environment.
Storage: Store in a cool, dry place in original unopened bag.
Disposal: Completely empty bag contents into spray tank. Empty bags should be disposed of in a sanitary landfill or by incineration if allowed by state and local regulations. Dispose of contents/bag to local/state/federal regulations.

Environmental Hazards
Do not contaminate water sources by cleaning of equipment or disposal of wastewaters.

Approved For Aquatic Use

First Aid
If In Eyes: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do; continue rinsing. If eye irritation persists, get medical advice/attention. Call a poison control center or doctor for treatment advice.

If On Skin: If skin irritation occurs, get medical advice/attention. Take off contaminated clothing and wash before reuse. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.

If Swallowed: Call a poison center or doctor/physician if you feel unwell. Call a poison control center or doctor immediately for treatment advice. Have the person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

General Information
FRACTION is a specially formulated blend of reduced rate water conditioning and sequestering agents intended for use with glyphosate and other herbicide spray applications that recommend the use of ammonium sulfate or nitrogen fertilizer as a tank mix additive.

FRACTION is a spray grade granule that readily goes into solution.

FRACTION improves weed control by conditioning and acidifying the water. FRACTION works to maximize herbicide performance by neutralizing antagonism from water impurities such as iron, calcium and magnesium.

FRACTION is compatible with all glyphosate formulations and with separately applied drift retardants or nonionic surfactants and is approved for aquatic use.
