WATER BASED FOGGER

For Use in Rooms, Apartments, Homes, Basements, Campers, Boats, Household Storage Areas, Garages, Pet Sleeping Areas, and Crib.

CAUTION FOR USE

If in doubt about the safety of a particular material with which you are using this product, consult with your local hardware dealer or manufacturer.

DO NOT use more than one fogger at a time. DO NOT use in small enclosed spaces such as closets, pantries, or under cabinets. DO NOT place it in a kitchen or a bathroom. DO NOT use in a room where a pet or person is present or to enter from other rooms. DO NOT open any doors or in any way obstruct the movement of air or otherwise prevent the escape of smoke, vapor, or fumes from the area.

KEEP AWAY FROM FLAMES. Cover exposed fuel, fuel tanks, and fuel-handling equipment. Do not fill and drain the area to be treated. Shut off fans and air conditioners. Close doors and windows. Point light towards areas where heat is released. Use one unit for each 250 cubic feet of living space. Do not remain in the area during treatment. Ventilate the area before re-entrance.

TO OPERATE UNIT:

Place several layers of newspaper or paper on or in the area in the order listed. Place the unit in the center of the area, and plug the unit into a nearby receptacle. Open all doors, windows, and ventilators. Allow it to run for approximately 30-60 minutes. Repeat if necessary, but no sooner than 2 weeks.

To Kill Brown Dog Ticks and Fleas: Place pet in a separate room and replace with closed, fresh bedding after treatment is complete. Use product as above. Pets should be treated with a registered flea and tick control product prior to re-entering treated premises.

STORAGE AND DISPOSAL

Store in a cool, dry place. Keep container closed.

DISPOSAL: Do Not Burn or Incinerate.

CALL 1-800-726-5302.

Keep out of reach of children.
