FOAMING WASP & HORNET KILLER

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. DO NOT USE BEFORE USE.

OUTDOOR USES: Under eaves, near window frames, doorways, carports, picnic areas, and outdoor play areas.

INDOOR USES: Arches, and anywhere nests are built and where food or feed are not exposed.

Kills insects and eliminates the nests where they live and breed, insects will fall to the ground and die after spraying. Kills any insects inside the nest as well as any returning.

For Control of Wasps, Yellow Jackets, and Hornets and other listed insects:

For Nests:
1. Spray at sunset or sunrise when insects are most active.
2. Stand a safe distance from the nest. Do not stand directly underneath.
3. Shield can and spray away from you.
4. Aim actuator at the opening in the nest and spray until filled.
5. Leave the spray in the nest until it is saturated. This product's powerful spray will also kill insects that return to the nest.
6. Wait at least 24 hours before entering the nest.

To Kill Wasps, Hornets, Yellow Jackets, Fire Ants, Spiders (including Black Widow Spiders), Scorpions, Cockroaches, Termites, Ants, Spiders, and Other Insects:
1. Spray 1-2 seconds until surface is saturated to kill insects under eaves, around screens, windows, doors, patios, cracks, holes, and cavities or whenever insects are noticable.
2. To prevent insects from entering the home, spray around perimeters where insects enter such as outdoor plumbing, fumisters, etc. and cracks or crevices in foundations as well as along sills and ledges.

Use Tips:
1. If windy, stand with the wind at your back to avoid spray drift.
2. Avoid spraying vegetation directly.
3. Rinse with water any desirable foliage that is damaged by spray.

General Precautions & Restrictions: Avoid contamination of food and feedstuffs. Do not use in commercial food-processing, preparation, foodstuff storage or serving areas. In the home, all food-processing surfaces and utensils should be covered during treatment, or thoroughly washed before use. Exposed foodstuffs should be covered or removed. Remove pets and birds from areas before spraying.

Do not wash the Invader area in the point of runoff. Do not make applications during rain.

All outdoor applications shall be limited to spot and crack-and-crevice treatments only, except for the following permitted uses:
1. Treatment to soil or vegetation around structures. Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage to sewers, storm sewers, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.

Use Precautions: Avoid spraying deciduous plants. Rinse with water any desirable foliage that is contacted with spray. This product may stain vinyl, painted, and plastic surfaces. Avoid application to rubber roofing surfaces. Standing water in areas where spray may contact three feet, lead to an unsightly area and affect in a few hours. Future flowering of all plants at risk. Store, storers, or handling of this product in accordance with directions.

STORAGE AND DISPOSAL:

This product is toxic to fish and other aquatic invertebrates. Do not store paint, oil, or fuel by storage and disposal. Pesticide Disposal and Container Handling: Do not attempt to handle, or discard this product. Do not re-use or refill this container. If empty: Place in trash for recycling or household trash. If partly filled: Call your local solid waste agency for disposal instructions.

FIRST AID: IF SWALLOWED: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the persons. Do not give anything by mouth to an unconscious person. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 minutes. Call a poison control center or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance. Then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment.

Have the product container or label with you when calling a poison control center or doctor. For information regarding medical emergencies or pesticide incidents, call 1-800-792-8712.

PRCAUTIONARY STATEMENTS:

Hazard to Humans and Domestic Animals:

CAUTION: Harmful if inhaled. Avoid direct contact with skin or eyes. Avoid breathing vapor or spray mist. Wash thoroughly with soap and water after handling or before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS:

This product is toxic to fish and other aquatic invertebrates. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of waste.

PHYSICAL OR CHEMICAL HAZARDS:

Contents under pressure. Do not use or store near heat or open flames. Do not puncture or incinerate container. Exposure to temperatures above 120°F may cause bursting. Do not apply this product around electrical equipment due to possibility of shock hazard.
