**AF 33**

**Antifouling Paint**

**PREMIUM QUALITY**

**GENERAL DESCRIPTION**

AF 33 is a soft ablative, self-polishing antifouling that controls the attachment of barnacles, algae, growth, and weed. It is designed for use on the surfaces of hulls on ships, boats, barges, fishing vessels, crab pots, fish nets, traps, decks, hulls, and any other surface prone to fouling.

**APPLICATIONS**

This paint can be applied by brush, roller or spray. Apply several coats with a minimum dry film thickness of 100 microns (0.004 inches) over previously painted areas. It is not recommended to apply this product to properly painted or galvanized surfaces.

**DIRECTIONS FOR USE**

**PRECAUTIONARY STATEMENTS**

**SAFETY:**

- Carefully read and observe all precautionary statements on this label.

- See back panel for additional precautionary statements.

**Hazardous Ingredients:**

- Hawk Xylene 7130

**CLEANUP:**

- Clean all equipment immediately after use with Sea Hawk Xylene 7130.

**THINNING:**

- Do not thin this product.

**SURFACE PREPARATION:**

- Paint only clean, dry surfaces.

**EPA Registration No.:**

- 18722-12-309

**STATEMENT OF COMPLIANCE:**

- This product complies with all Federal, State and local regulations, rules and standards.

**CONTINUOUS IMPROVEMENT:**

- Sea Hawk Paints, Inc. reserves the right to make improvements in this product without notice.

**STORAGE AND DISPOSAL:**

- Do not store near heat or flame. Store in well-ventilated areas.

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS:**

- Labeled use only. Read and observe all precautionary statements on this label.

**HAZARDS TO HUMAN HEALTH:**

- Harmful if absorbed through skin. Prolonged or frequent contact with skin may cause skin irritation. Avoid contact with skin, eyes, or clothing. Wear protective clothing (long-sleeved cotton shirt, long pants and hat) and gloves (such as nitrile or butyl). Wash thoroughly with soap and water after handling and before eating, drinking, smoking or using any other forms of recreation.

**ENVIRONMENTAL HAZARDS:**

- Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law.

**FIRST AID:**

- If inhaled: Get fresh air. If not breathing, give artificial respiration. Seek medical attention.

- If swallowed: Call physician or poison control center for further treatment advice.

- If eyes contact: Wash with大量 water for at least 15 minutes, or until irritation subsides. If symptoms persist, call a physician.

- If on skin: Wash with soap and water for at least 15 minutes, or until irritation subsides. If symptoms persist, call a physician.

**LEGAL REGULATIONS:**

- The use of this product is subject to Federal, State, and local regulations. Check with your local authorities before use.

**DISCLAIMER:**

- The manufacturer makes no warranty of this product, expressed or implied. The manufacturer's liability under the code and warranty of this material shall in any case be limited to replacement of material only. The manufacturer reserves all other rights to this product, expressed or implied.
