QUANTUM 1" TABLETS

STABILIZED CHLORINATING CONCENTRATE

ACTIVE INGREDIENT:
Trichloro-s-Triazine trione..........................99%
OTHER INGREDIENT................................1%
TOTAL INGREDIENTS.................................100%
Available Chlorine.................................90%

KEEP OUT OF REACH OF CHILDREN
DANGER

Contamination or improper use may cause fire, explosion or the release of toxic gases. Do not allow product to contact any foreign matter, including other water treatment products. If product is exposed to small amounts of water, it can react violently to produce heat and toxic gases and spatter. Do not add water to this product. Add only into water. Do not remove float or other dispensing device from water for an extended period of time if it contains a tablet or tablet residue. Do not mix this product with a small amount of water. Only add directly to your pool. Corrosive. Causes irreversible eye damage and skin burns. May be fatal if inhaled or absorbed through the skin. Harmful if swallowed.

Read all precautionary statements and first aid statements before use.

FIRST AID:
IF IN EYES: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control center or doctor for treatment advice.
IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.
IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.
NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.
IN CASE OF EMERGENCY CALL: 1-800-654-6911

NET WEIGHT 5 LBS. (2.27 kg)
DIRECTIONS FOR USE:
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
Reentry into treated swimming pools is prohibited above chlorine levels of 4 ppm.

FOR CONTINUOUS DAILY CHLORINATION:
Before the first use of this product, be sure to take the following steps:
1. Adjust the pH value of the pool water to between 7.2 and 7.8 as determined by a suitable test kit and adjust the total alkalinity to 100 ppm.
2. Stabilize the pool water to at least 30 ppm with Quantum Biochemical® Stabilizer as directed on the container label. Regular use of Quantum 1” Tablets for daily chlorination will provide any needed makeup stabilizer.
3. Superchlorinate (shock treat) the pool water to oxidize organic contaminants. Follow the label directions. Before using the pool, be certain the chlorine level returns to 1.0–1.5 ppm.
4. Once you complete 1, 2, and 3 above, use this product to maintain the free residual chlorine at a safe and efficient 1.0–1.5 ppm at all times as determined by the daily or more frequent use of a suitable test kit.
5. Using a feeder, floater or skimmer dispenser, immerse one tablet (or as many as required to continuously maintain the safe free available chlorine level) for each 450 to 900 gallons of pool water.

NEVER ADD THESE TABLETS DIRECTLY INTO THE SWIMMING POOL, AS DISCOLORATION OF THE POOL LINER OR FINISH MAY OCCUR.
Superchlorinate or shock treat your pool water at least twice monthly during hot weather and peak bather loads using Quantum Biochemical QB-Brite or Quantum Biochemical Q-Shock. Failure to shock treat regularly can result in the growth of algae in your pool.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER: Corrosive. Causes irreversible eye damage. Cause eye and skin burns. May be fatal if inhaled or absorbed through skin. Harmful if swallowed. Irritating to nose and throat.
- Open in a well-ventilated area. Avoid breathing dust and fumes.
- Do not get in eyes, on skin or on clothing. Wear goggles and rubber gloves. For additional protection of skin, wear long sleeves and long pants.
- Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.
- Remove contaminated clothing and wash before reuse.

PHYSICAL AND CHEMICAL HAZARDS: DANGER. If product is exposed to small amounts of water, it can react violently to produce heat and toxic gas and spatter. Do not add water to this product. Add only into water.
- Do not mix this product with a small amount of water. Only add this product directly to your pool.
- Do not allow to become wet or damp before use. Can react with other materials, including other water treatment products, to cause fire, explosion, and the release of toxic gases.
- Keep all foreign matter, including other water treatment products, away from this product. • Use only clean dry utensils to dispense this product.
- Do not allow this product to contact other water treatment products. If used in a skimmer, make sure skimmer is completely clean and free of residue from other water treatment products before putting this product in the skimmer.
- Avoid spilling this product. Exposure to heat can cause this product to rapidly decompose, leading to fire, explosion, and the release of toxic gases.
- Store in a cool, dry, well ventilated area away from heat or open flame. Strong oxidizing agent. This product can increase fire intensity.
- Keep away from heat and from flame and burning material. Remove if possible.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.
