DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Before use, read and follow all of the instructions and precautions.

1. Adjust the pool water's pH value to between 7.2 and 7.8 and the total alkalinity to between 80 and 150 ppm as determined by a suitable test kit.
2. Stabilize the pool water with 30 ppm of Robarb™ Stabilizer as directed on the container label. Regular use of this product will provide any needed makeup conditioner.
3. Shock treat the pool water by using 9 ounces of this product for each 10,000 gallons of pool water. Before using the pool, test the pH of the pool water.
4. Maintain a free available chlorine level of 1.0 to 1.5 ppm (as determined daily by a suitable test kit) at all times. For each 10,000 gallons of pool water, add 2 and a half (2 ½) ounces of this product every other day.
5. Shock treat your pool at least twice monthly (more often in warmer climates) according to Step 3 above. During hot weather and peak bather loads, shock treat your pool weekly to prevent water cloudiness and algae growth.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS:

1. Danger. Corrosives, Causes irreversible eye damage or skin burns. Harmful if inhaled, swallowed, or absorbed through skin.
2. Warning. Inhalation of mist, Can cause coughing, bruising, and breathing difficulties.

PRECAUTIONS FOR USE:

1. Wear protective gloves and shoes when handling this product.
2. Do not get product in eyes, on skin, or on clothing. Wash hands after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.
3. Be sure to wash contaminated clothing and shoes before reuse.

PHYSICAL OR CHEMICAL HAZARDS:

1. Danger. Product is a stabilizer and is not flammable. Do not store or use near open flames or heat sources.
2. Do not mix this product with a small amount of water. Only add this product directly to your pool.

In case of emergency call: 1-800-253-6401

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Get medical attention.

PHYSICAL OR CHEMICAL HAZARDS:

1. Danger. Product is a stabilizer and is not flammable. Do not store or use near open flames or heat sources.
2. Do not mix this product with a small amount of water. Only add this product directly to your pool.
Do not allow to become wet or damp before use.

Can react with other materials, including other water treatment products, to cause fire, explosion, and the release of toxic gases.

- Keep all foreign matter, including other water treatment products, away from this product.
- Use only clean dry utensils to dispense this product.
- Do not allow this product to contact other water treatment products. If used with a skimmer, make sure skimmer is completely clean and free of residue from other water treatment products before putting this product in a skimmer.
- Avoid spilling this product.

Exposure to heat can cause this product to rapidly decompose, leading to fire, explosion, and the release of toxic gases.

- Store in a cool, dry, well-ventilated area away from heat or open flame.

Strong oxidizing agent. This product can increase fire intensity.

- Keep away from heat and from flame and burning material (like a lighted cigarette).

ENVIRONMENTAL HAZARDS:

This pesticide is toxic to fish and aquatic organisms.

STORAGE & DISPOSAL: Do not contaminate water, food, or feed by storage and disposal.

Pesticide Storage:
- Store in a cool, dry area. Always store pesticides in the original container. Store away from food and pet food.

Pesticide Disposal and Container Handling:
- Nonrefillable container. Do not reuse or refill this container.
- If partly filled: Call your local solid waste agency for disposal instructions.
- Never place unused product down any indoor or outdoor drain.

Pesticide wastes may be hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.
