FIRST AID

If in eyes: Hold eye open and flush slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes. Call a poison control center or doctor for treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Immediately seek medical help. Do NOT induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth in an unconscious person.

How to handle a spill: Slowly pour dry chemical into liquid. Cover the spill with salt. Do not use water.

IN CASE OF EMERGENCY CALL: 1-800-644-4911

WARNING AVISO

Children can fall into bucket and drown. Keep children away from basket with even a small amount of liquid.

Los niños pueden caerse de la cubeta y ahogarse. No dejes que los niños se acerquen a la cubeta aunque solo contenga agua pequeña cantidad de líquidos.

NEVER AND THESE TABLETS DIRECTLY INTO THE SHOWER POOL. DISCHARGE OF THE POOL LITERS OR FRESH WATERS.

Superchlorinates in or check your pool water at least twice monthly more often in warmer climates due to water content and pool salt levels as directed by the daily or more frequent use of a suitable test kit.
