HAZARDS TO HUMANS:

Notice: This product contains a chemical (o-Isopropoxyphenyl methylcarbamate) known to the State of California to cause cancer.

IF SWALLOWED:

Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-781-4738 for nonrefillable container. Do not reuse or refill this container.

HAZARDS TO DOMESTIC ANIMALS:

Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

HAZARDS TO HUMANS:

Harmful if swallowed. Harmful if absorbed through the skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing.

DIRECTIONS FOR USE

For Cats Over 12 Weeks of Age

1. Place the collar around your pet’s neck. Feed the collar through both holes, notches facing out. Fit to the neck of the cat. The collar must be worn loosely to allow for growth of the pet and to permit the collar to move about the neck. Generally, a properly fitted collar is one that, when fastened, will snugly slide over pet’s head, and two fingers can be placed between the collar and pet’s neck. Leave 1 or 2 extra inches if needed. For collar adjustment, cut off remaining excess collar and dispose of in the trash.

2. The tabs that held the collar in place will fall off when stretching; pull on any dust in mouth or eyes. Take the collar out of the packaging and stretch to full length. Bend the buckle in half between the holes in the buckle, so that you can easily pass the collar through the holes in the buckle. Place the collar around your pet’s neck. Feed the collar through both holes, notches facing out. Fit to the neck of the cat. The collar must be worn loosely to allow for growth of the pet and to permit the collar to move about the neck. Generally, a properly fitted collar is one that, when fastened, will snugly slide over pet’s head, and two fingers can be placed between the collar and pet’s neck. Leave 1 or 2 extra inches if needed. For collar adjustment, cut off remaining excess collar and dispose of in the trash.

3. It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

FIRST AID

IF ON SKIN OR CLOTHING:

Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. Have person sip a glass of water if able to swallow.

IF IN EYES:

Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF INGESTED:

Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. Have the product container or label with you when calling a poison control center or doctor for treatment advice. Have person sip a glass of water if able to swallow.
