Fresh Water Tank SANITIZER

KEPT OUT OF REACH OF CHILDREN
DANGER

An effective sanitizer for use on food contact surfaces in 60 seconds at 200 ppm active quaternary ammonium.
- Saprobrucella endus
- Verrucomicrobiaceae
- Escherichia coli
- Enteric microorganisms

FIRST AID
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.
If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes. Call a poison control center or doctor for treatment advice.
If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. If swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.
If breathed: Move person to fresh air. If person is not breathing, call 911 or an ambulance then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

NOTE TO PHYSICIAN: Probable merial damage may contraindicate the use of gastric lavage.

Net Contents: 1 – 24 FL. OZ. Bottle (710 mL) of Step 1 Detergent
1 – 24 FL. OZ. Bottle (710 mL) of Step 2 Sanitizer

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER, KEEP OUT OF REACH OF CHILDREN. CORROSIVE.
Gases irreversible eye damage and skin burns. Do not get in eyes, mouth or on clothing. Wear goggles or face shield, rubber gloves, and protective clothing. Harmful if swallowed. Remove contaminated clothing and wash before reuse. Wash thoroughly with soap and water after handling.

STORAGE AND DISPOSAL
DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL.

PESTICIDE STORAGE
Store in a dry place no lower in temperature than 50°F or higher than 120°F. Store in a tightly closed container in an area inaccessible to children.

PESTICIDE DISPOSAL
Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide spray mixture, or rinseate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representatives at the nearest EPA Regional Offices for guidance.

CONTAINER DISPOSAL
Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available. Triple rinse as follows: Fill container 1/4 full with water and reapp. Agitate vigorously. Follow Pesticide Disposal instructions for rinseate disposal. Drain for 10 seconds after the flow begins to drip. Repeat procedure two more times. Then offer for recycling or reconditioning. If not available, puncture and dispose in a sanitary landfill.

SPILL OR LEAK PROCEDURES
Small spills may be mopped up, flushed away with water or absorbed on same absorbent material and incinerated. Large spills should be contained, the material then moved into containers and disposed of by approved methods for hazardous wastes.

EPA REG. NO. 1839-86-26601
EPA EST. NO. 26601-MI-002
Fresh Water Tank SANITIZER

For use in mobile homes, trailers, campers and boats.
For use on Washable, Hard, Non-Porous Surfaces of Holding Tanks.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

SANITIZATION of INTERIOR HARD NON-POROUS SURFACES of WATER HOLDING TANKS
Sanitization should occur after initial installation, after the system is serviced and periodically during its use.
1. Shut off incoming water line.
2. Units/tanks must be washed with a compatible detergent (enclosed) and rinsed with potable water before sanitizing.
3. Prepare a solution of 2 ounces of product per 8 gallons of water (200ppm active quaternary).
4. Apply or circulate (if possible) to wet all surfaces and allow a minimum contact of 60 seconds.
5. Drain the unit.
6. Return to service by opening incoming water lines.

Sold by Thetford Corporation
7101 Jackson Road

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER. KEEP OUT OF REACH OF CHILDREN. CORROSIVE.

Causes irreversible eye damage and skin burns. Do not get in eyes, on skin or on clothing. Wear goggles or face shield, rubber gloves, and protective clothing. Harmful if swallowed. Harmful if inhaled. Remove contaminated clothing and wash before reuse. Wash thoroughly with soap and water after handling.

DIRECTIONS FOR USE: IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

SANITIZATION OF INTERIOR HARD NON-POROUS SURFACES OF WATER HOLDING TANKS

Sanitization should occur after initial installation, after the system is serviced and periodically during its use.

1. Sit off incoming water line.

2. Until holes must be vented with a complete deflager (nozzle) and should be vented with nothing else before starting.

3. Prepare a solution of 2 ounces of product per 5 gallons of water (100 ppm active product).

4. Apply a solution (1 ppm) to all surfaces and allow a minimum contact of 10 seconds.

5. Drain the tank.

6. Rinse to remove by operating incoming water line.

STORAGE AND DISPOSAL

DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL.

PESTICIDE STORAGE—Store in a dry place so lower than 50°F or higher than 100°F. Store in a tightly closed container in an area inaccessible to children.

PESTICIDE DISPOSAL—Pesticides are extremely hazardous. Improper disposal of unused, wrong mixture, or emulsion is a violation of Federal Law. If these wastes cannot be disposed of by use, according to label instructions, contact your local Pesticides or Environmental Control Agency or the Neysan Pesticide representative or the nearest EPA Region Office for guidance.

CONTAINER DISPOSAL—Non-Retail container. Do not reuse or re-fill this container. Offer for recycling. Recyclable. If allowed, return to follower for re-refill. Do not contain 1/4 full with water and leave. Use only properly. Follow Pesticide Federal Instructions for proper disposal. Drain for 10 seconds after the flow begins to drop. Repeat procedures two more times. Then offer for recycling or reconditioning. If not available, position and dispose of any secondary container.

SPILL OR LEAK PROCEDURES—Small spills may be removed up, flushed away with water or absorbed on some other inert material and buried. Large spills should be contained, the material then moved to containers and disposed of by approved methods for use in waste. The product in this package must be disposed of in accordance with applicable Federal, State, and Local regulations.

EPA No. 1299-B6-26041 EPA No. 54041-MH-002

Thetford Corporation 7101 Judson Road, Ann Arbor, Mich. 48103
Cleaning

1. Empty tank and add 1 oz of concentrated detergent solution to the fresh water tank for every 4 gallons of tank capacity. (for a 40-gallon fresh water tank, add 10 fl oz of detergent.)

2. Fill tank with water. Run diluted Detergent Solution through each faucet, shower and water outlet for approximately 1 minute.

3. Empty the tank.

Your tank is now ready for Step 2: Sanitizing with the Thetford Fresh Water Tank Sanitizer solution.

IMPORTANT TIPS FOR USE:
Use the markings on the label for measuring the proper dilutions. When there is no direct opening in the tank, solutions can be added to the tank through a water filter canister (with filter removed) or by pouring solution into a hose and connecting hose to the external water inlet.

CAUTION: EYE IRRITANT
Contains surfactant. Avoid eye contact. In case of eye contact, rinse eyes with water for 15 minutes. Consult a physician.
KEEP OUT OF REACH OF CHILDREN.
