EPA Reg. No. 71000-22-79533
EPA Est. No. 79533-381-1
NET WT. .28 OZ (8 g)
POTABLE AQUA® Chlorine Dioxide Water Purification Tablets are only for the emergency disinfection of drinking water. When used as directed, the tablets make contaminated water suitable for drinking.
POTABLE AQUA® Chlorine Dioxide Water Purification Tablets are for use by campers, hikers, military personnel, emergency organizations, and anyone needing to drink water of questionable microbiological quality. Effective against bacteria, viruses and cysts, such as Cryptosporidium and Giardia. When this product is effective against bacteria, viruses and cysts, there is no need to use a water filter.

DIRECTIVES FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
For Control of Bacteria, Viruses, and Cysts: Use POTABLE AQUA® Chlorine Dioxide Water Purification Tablets to kill bacteria, viruses and cysts (Cryptosporidium parvum and Giardia muris) in contaminated water.
To Use: Remove the tablet from its foil packaging and quickly insert into 1 quart (1 liter) of contaminated water. Allow to react for 4 hours, in an opaque container or in the dark, to generate a use-solution of 4 ppm chlorine dioxide. The treated water is now ready for drinking.

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage or disposal.
Pesticide Storage: Store in a cool, dry area away from sunlight and heat and in an area inaccessible to children.
Pesticide Disposal: Pesticide wastes are extremely hazardous. Improper disposal of excess pesticide, spray mixture, or rinse is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.
CONTAINER DISPOSAL: Non-refillable container. Do not reuse or refill this container. Offer for recycling, if available. If recycling is not available, dispose container in sanitary landfill or by incineration.
PRECAUTIONARY STATEMENT'S HAZARDS TO HUMANS AND DOMESTIC ANIMALS. DANGER. Corrosive. Causes irreversible eye damage and skin burns. Harmful if absorbed through skin or swallowed. Do not get in eyes, on skin, or on clothing. Wear protective eyewear (goggles, face shield, or safety glasses), protective clothing and rubber gloves. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

FIRST AID
If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a Poison Control Center or doctor for treatment advice.
If Swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
NOTE TO PHYSICIAN
Probable mucosal damage may contraindicate the use of gastric lavage.
Sodium chloride in this product is from Spain.
