Critter Ridder

General Information
Critter Ridder® contains active ingredients that entice animals away from treated areas. It is primarily used on buildings, sheds, garages, and other structures to prevent wildlife from entering. The active ingredient is 1-2-3-4-tetrazolium blue and is effective against a wide range of animals. The product is not toxic to birds, pets, or humans. Read entire label and use directions for cleaning and disinfecting surfaces. Do not allow to drip on animal surfaces or clothes. Use of this product is not intended for use on exotic pets.

Read entire label and understand all directions before using this product.
