LABORATORIES, HOSPITALS, MORGUES, INSTITUTIONS

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To disinfect non-porous, hard surfaces such as glazed tile floors, walls and ceilings and stainless steel cold rooms and walk-in incubators.

Directions for Use:
1) Clean all surfaces thoroughly with a suitable detergent and rinse with water prior to disinfection.
2) Preparation of 50 ppm ClO₂ disinfecting solution: Place 3.25 oz of Oxine concentrate into a clean plastic container and add 10 grams of Bio-Cide activator crystals or food-grade citric acid of no less than 99% purity. Prepare in a well ventilated area. Avoid breathing fumes while the crystals are dissolving. Allow five (5) minutes reaction time. To this solution, add one (1) gallon of clean potable water.
3) To apply: Activated solutions may be sprayed, mopped or sponged onto surfaces to be disinfected. All surfaces must be thoroughly wetted for at least ten (10) minutes. When spraying disinfectant solutions, use an appropriate spraying device. Active solutions may be irritating when breathed, therefore, always use an applicable NIOSH/MSHA approved respirator appropriate for chlorine dioxide when spraying these solutions. After application, allow to air dry. Treat as required. Always apply freshly made solutions. Never reuse activated solutions.

OXINE® SANITIZER®

DISINFECTANT
FUNGICIDAL - BACTERICIDAL

GUARANTEED SHELF LIFE
NON-FLAMMABLE
LOW CORROSION

Active Ingredients:
Chlorine Dioxide .......... 2.0%
Inert Ingredients ........... 98.0%
Total ........................................ 100.0%
E.P.A. Reg. No. 9804-1
E.P.A. Est. No. 9804-OK-1

CAUTION
KEEP OUT OF REACH OF CHILDREN

PRECAUTIONARY STATEMENT
Hazard to Humans & Domestic Animals
Avoid contact with eyes
Harmful if swallowed/May cause irritation

STORAGE
Product Storage
Store in a cool, dry, well ventilated location away from acids, chlorine and chlorine compounds, hypochlorites (bleach), organic solvents, sulfur and sulfate compounds, phosphorus, combustible/flammable materials, and direct sunlight. Keep containers tightly closed when not in use and open carefully to prevent spillage. Storage on wooden floors and pallets is not recommended. Do not contaminate water, food or feed by storage or disposal.

DISPOSAL
Container Disposal
Do not reuse or refill this container. Offer for recycling if available. Offer for reconditioning if appropriate. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into applications equipment or a mix tank and drain for ten seconds after the flow begins to drip. Fill the container 1/4 full with water and recap. Pour rinse into application equipment or a mix tank or store rinse for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times.

Pesticide Disposal:
Wastes resulting from use of this product may be disposed of on site or at an approved waste facility.

FIRST AID

If Inhaled
- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.
- Call a poison control center or doctor for further treatment advice.

If on skin or clothing
- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for further treatment advice.

If in eyes
- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lens, if present. After the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for further treatment advice.

If swallowed
- Call a poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by a poison control center or doctor.
- Do not give anything by mouth to an unconscious person

Have product container or label with you when calling a poison control center or doctor or going for treatment. For 24 hour emergency information on this product, call NPIC at 1-800-655-7378 (U.S., Canada, Puerto Rico, Virgin Islands) or 1-703-427-3887 (All Other Areas).
