EnviroCON®

Bio-Cide International
Norman, OK 73070
800.323.1398

EnviroCON® may be used wherever malodors exist.
EnviroCON® inhibits most odor causing bacteria and
odors.

DIRECTIONS FOR USE:

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

1. To Deodorize HVAC Ductwork System: Fog or spray
   EnviroCON® into system intakes while system fan is
   running. Allow enough spray time for EnviroCON® to
   contact air duct system surfaces. Repeat application as
   necessary.

2. For Microbial Control of Evaporator Coils, Drip
   Pans and Associated Air Conditioning Parts: Air
   Conditioning system parts should be manually
   pre-cleaned prior to application using a suitable
   cold/dry gas cleaner. After cleaning, thoroughly spray
   EnviroCON® onto cleaned surfaces. Do not wipe off.
   Allow to air dry.

3. For Microbial Control of Evaporative Cooler
   Excelsior Mats: Excelsior Mats should be thoroughly
   washed to remove any dirt, debris, or slime build-up.
   Liberally spray EnviroCON® into mat for microbial
   control and to remove stale, musty odors. Add 0.2 oz.
   EnviroCON® per gallon of reservoir water capacity for
   effective environmental maintenance.

For year-round maintenance, residential homes and
apartment complexes should be treated TWO TIMES
PER YEAR. Commercial / Industrial buildings and
healthcare facilities should be treated EVERY
MONTH to ensure effective environmental control.

Bacteriostat Fungistat Deodorizer

Commercial • Industrial • Residential • Institutional

Bacteria and odor control for all building systems
Indoor pollution control and environmental maintenance
Contains no perfumes or masking agents
Destroys odors associated with bacteria, mold, mildew, smoke, animals, etc.

Active Ingredients: Chlorine Dioxide
Inert Ingredients

Use EnviroCON® for residual control of odors
associated with bacteria, mold, mildew, animals, smoke,
etc. Thoroughly spray source of odor with EnviroCON®
or mist air by squeezing trigger several times. Severe
odors may require repeated applications.

May be harmful if swallowed. May cause eye irritation. Avoid
contact with eyes.

FIRST AID

IF INHALED - Move person to fresh air. If person is not breathing, call
911 or an ambulance, then give artificial respiration, preferably mouth-
mouth if possible. Call a poison control center or doctor for further
treatment advice.

IF ON SKIN OR CLOTHING - Take off contaminated clothing. Rinse
skins immediately with plenty of water for 15-20 minutes. Call a poison
control center or doctor for treatment advice.

IF IN EYES - Hold eye open and rinse slowly and gently with water for
15-20 minutes. Call a poison control center or doctor for treatment advice.

IF SWALLOWED - Call a poison control center or doctor immediately
for treatment advice. Have person sip a glass of water if able to swallow.
Do not induce vomiting unless told to do so by a poison control
center or doctor. Do not give anything by mouth to an unconscious
person.

For 24-hour emergency information on this product call NPIC at 1-800-555-7287.

STORAGE & DISPOSAL

Storage: Store in a cool, dark area in original container. Do not
contaminate water, food, or feed by storage or disposal.

CONTAINER DISPOSAL: Do not reuse or refill this container. Offer for
recycling if available. Offer for reconditioning if appropriate. Triple rinse
containers or equipment containing EnviroCON®. Empty the remaining
contents into approved disposal equipment or a mix tank and
drain for the acceptable. After the mix tank is clean, fill the
container(s) with water and empty. Pour material into application equipment or a
mix tank at the disposal point for further use or disposal. Clean for 30
seconds, after the flow begins to drip. Repeat this procedure two more times.

CAUTION: EnviroCON® may contain epoxides or aldehydes, especially
if applied on top of a previously used chemical. Do not apply until a
sample test has been done and observed for at least 2 hours. The
manufacturer accepts no liability for carpet or fabric bleaching.
