Do not use this product to clean or disinfect utensils, glassware or dishes.

Mold and Mildew Control: To control the growth of mold and mildew and their odors, use a rate of 1:2 oz per gallon, non-porous surfaces, use as a solution to thoroughly wet all treated surfaces completely. Let air dry. Repeat application weekly or when growth or odor reappears. Allow surfaces to remain wet for ten (10) minutes. To Kill Fungi: Pre-clean heavily soiled areas. Apply at a rate of 1:64 oz to hard, non-porous environmental surfaces. Allow surfaces to remain wet for ten (10) minutes. Wipe surfaces (and let air dry).

For Use as a (General) Cleaner and as Deodorant: Apply as a solution to surfaces. Wipe surfaces (and let air dry). For heavy-duty use, add 4 ounces per gallon (22 milliliters per liter) of water (1:64) to clean hard, non-porous surfaces.

**WLLS HINT:** HVAC and HCV on Precisioned Environmental Surfaces/Objects previously SOILED WITH BLOOD/BODY FLUIDS in healthcare settings is the only situation in which the actual likelihood of sampling an infective surface/object with blood or body fluids and in which the surface/object is likely to be soiled with blood or body fluids can be associated with the potential for transmission of Human Immunodeficiency Virus Type 1 (HIV-1) (associated with AIDS), (Mycoplasma Pneumoniae) and Hepatitis B Virus (HBV) and/or Hepatitis C Virus (HCV). Special Instructions for Cleaning and Disinfection Against HIV-1, HBV and HCV on Surfaces/Objects SOILED WITH BLOOD/BODY FLUIDS.

Personal Protection: Clean up should always be done wearing protective latex gloves, gowns, masks and eye protection.

Cleaning Procedures: Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of this product. Contact Time: Leave surface wet for 10 minutes with 1 ounce per gallon (4 milliliters per liter) solution.

Disposal of Infected Materials: Blood, body fluids, pungent-smelling materials, and clothing should be autoclaved and disposed of according to federal, state and local regulations for infectious waste disposal.

PUBLIC RESTROOMS:
This product is a one-step cleaner and deodorant designed for general cleaning, and disinfecting on hard, non-porous environmental surfaces.

NON-ACID BOWL & BATHROOM DISINFECTANT CLEANER:
From Concentrate: Add 1 oz to the toilet bowl (9 oz water) and mix. Brush thoroughly over exposed surfaces and under the rim. Allow to stand for 10 minutes and flush.

FOOD SERVICE:
Directions for Food Processing Plants: For use on non-food contact surfaces such as floors, walls, garbage cans and disposal areas, follow Sanitation Directions.

Directions for Food Storage Areas: For use on non-food contact surfaces such as shelves, floors, walls and tables. Before using this product, food products and packaging materials must be removed from the room or carefully protected. Then follow Sanitation Directions.

Net Contents: One Gallon (3.8 Liters)

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER. Keep out of reach of children. Corrosive. Causes irreversible eye damage and skin burns. Harmful if swallowed. Inhaled or absorbed through the skin. Avoid breathing spray mist. Do not get in eyes, on skin, or on clothing. Wash goggles or face shield, rubber gloves and protective clothing when handling. Wash thoroughly with soap and water after handling and before eating, drinking, or using tobacco. Remove contaminated clothing and wash clothing before reuse.

PHYSICAL OR CHEMICAL HAZARDS
Do not mix with acids, sodiums and detergents. Do not use or store near heat or open flame.

FIRST AID
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

STORAGE AND DISPOSAL
Store in original container in areas inaccessible to children. Do not store near heat. Avoid cleaning or impacting of side walls. Do not reuse empty container. Wrap and discard in trash (or recycle).
