brash to disperse. Water Balance: For best product performance, swimmer comfort, and clear crystal water: Maintain pH in the range of 7.2 to 7.6. Maintain total alkalinity in the range of 60 to 120 parts per million (ppm). Maintain calcium hardness above 200 ppm. Maintain available chlorine level at 1–4 ppm. Use a reliable test kit that measures all these ranges. Use GLB Pool Care Products to make adjustments. Follow label directions for each product. Do not enter pool until the free available chlorine residual is 1–4 ppm for each of the below noted water treatment applications. Re-entry into treated pools is prohibited above levels of 4 ppm for risk of bodily injury.

POOL SHOCK TREATMENT: Add the recommended dosages of this product while the filter pump is running. Adjust and maintain pH to 7.2 to 7.6 with GLB pH Up or GLB pH Down. Follow label directions. Allow the pH adjusters to dissolve and disperse before adding this product to the pool. When adding this product to your pool, broadcast this product evenly over a wide area of the deep part of the pool.

DOUGH RATE:

MIXTURE TREATMENT / SUPER CHLORINATION: For best results, see "WATER BALANCE" and "HOW TO USE" section above before treatment. Every 7 days, or as necessary to prevent pool problems, shock treat. Add 1 liter of shock per 10,000 gallons of water to yield 5 to 10 ppm available chlorine by weight. Re-entry into treated pools is prohibited above levels of 4 ppm for risk of bodily injury.

STORAGE & DISPOSAL:

Keep this product dry in tightly closed container when not in use. Store in a cool, dry, well-ventilated area. Keep away from heat or open flame. Nonrefillable container. Do not reuse or refill this container. Rinse empty container thoroughly with water to dislodge all material prior to disposal. Offer for recycling if available. Do not contaminate food or feed by storage or disposal of equipment. FOR DISPOSAL OF A CONTAMINATED OR GEMCOMPOUNDED PRODUCT SEE "EMERGENCY HANDLING."

EMERGENCY HANDLING:

In case of contamination or decomposition - Do not reseal container. Immediately remove container to an open and well-ventilated outdoor area by itself. Flood with large amounts of water until the material is dissolved. Dispose of container and any remaining material in an approved landfill area.

IN CASE OF EMERGENCY CALL: 1-800-654-6911

STOP!

Do Not Mix with other products or dissolve before use.

Read precautions in all product labels.

KEEP OUT OF REACH OF CHILDREN

DANGER

Contamination or improper use may cause fire, explosion, or the release of toxic gases. Do not allow product to contact any foreign matter, including other water treatment products. If product is exposed to small amounts of water, it can react violently to produce heat and toxic gases and spatter. Do not add water to this product. Add only into water. Corrosive. Causes irreversible eye damage and skin burns. Harmful if swallowed, or absorbed through skin. Open in a well-ventilated area. Avoid breathing dust and fumes. Do not get in eyes, on skin or on clothing. Wear goggles and rubber gloves. For additional protection of skin, wear long sleeves and long pants. Wash hands after handling and before eating, drinking, chewing gum, or using the toilet. Remove contaminated clothing and wash clothing before reuse.

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS. DANGER:

Corrosive. Causes irreversible eye damage or skin burns. Harmful if swallowed, or absorbed through skin. Open in a well-ventilated area. Avoid breathing dust and fumes. Do not get in eyes, on skin or on clothing. Wear goggles and rubber gloves. For additional protection of skin, wear long sleeves and long pants. Wash hands after handling and before eating, drinking, chewing gum, or using the toilet. Remove contaminated clothing and wash clothing before reuse.

PHYSICAL AND CHEMICAL HAZARDS:

DANGER: If product is exposed to small amounts of water, it can react violently to produce heat and toxic gas and spatter. Do not add water to this product. Add only into water.

• Do not mix this product with a small amount of water. Only add this product directly to your pool.
• Do not allow to come in contact with clothing or animals before use.
• Do not use on treated water treatment products, including other water treatment products. If used with a skimmer, make sure skin is completely clean and free of residue from other water treatment products before putting this product in a skimmer.
• Avoid spilling this product.

Exposure to heat can cause this product to rapidly decompose, leading to fire, explosion, and the release of toxic gases.

• Do not store in cool, dry, well-ventilated area away from heat or open flame.
• Do not store in or near heat source, such as a space heater or other heat-producing equipment.

DIRECTIONS FOR USE: This is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ALL PRECAUTIONARY STATEMENTS BEFORE USE.

YOU SHOULD USE THIS PRODUCT:

• This is a highly effective, multi-purpose product that sanitizes, prevents algae and shock treats your pool. It is convenient, easy to use, and won’t over-shock your pool.

How To Use:

Do not open this product before adding it to your pool. Open this product directly to your pool or skimmer. Use entire contents when open. Add the recommended dosage of this product during evening hours while the filter pump is running. When adding this product to your pool, broadcast the product evenly over a wide area in the deepest part of the pool. If any granules settle to the bottom of the pool, use.
