ACTIVE INGREDIENT
Ferric Sulfate Monohydrate... 32.0%
INERT INGREDIENTS............. 68.0%
Lawn Moss Control
Kills lawn moss quickly

Guaranteed Analysis
Iron (Fe) 10%
Derived from Ferrous Sulfate.

PRECAUTIONARY STATEMENTS

Hazards to Humans And Domestic Animals
CAUTION: Causes eye irritation. Do not get in eyes, on skin or clothing. Harmful if swallowed, inhaled or absorbed through skin. Avoid breathing dust. Remove contaminated clothing and wash before reuse. Wash thoroughly with soap and water after handling and before eating or smoking. Do not allow persons or pets in treated areas until granules have been watered in and treated area is dry.

First Aid:
IF IN EYES: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice. IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF INHALED: Remove person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice. Have the product container or label with you when calling a poison control center or doctor.

Environmental Hazards
Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters.

Directions for Use
It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For household use only. Not for use indoors.

Lawn moss is a common problem in many areas. Moss thrives in damp, shady lawns where the soil is acid and drainage is poor. Under these conditions moss can spread into areas where grass once grew. If steps are not taken, moss can take over a lawn. Fortunately, moss can be quickly killed with applications of TurfKing™ Lawn Moss Control. Killing the Moss gives grasses a chance to "-reclaim" the lawn. TurfKing™ Lawn Moss Control has another benefit: It turns grass a deep green, the color most of us want for our lawns. TurfKing™ Lawn Moss Control has 10% iron to kill lawn moss and green the grass. Because no fertilizer is added you get moss control and greening without excessive growth that requires frequent mowing. For best results, apply TurfKing™ Lawn Moss Control when the lawn is moist. Mow lawn to expose existing moss prior to application. This allows the granules to fall through the grass to the soil and go to work. Water in to hasten the moss killing action and greening process. Apply at the rate of 20 lbs. per 4,000 square feet for heavy moss infestation.

One pound of this product is equal to approximately 1-1/2 cups.

Covers up to 4,000 sq.ft.

Setting Your Lawn Spreader
These settings are a guide. The condition of your spreader, your walking speed, the roughness of the lawn, and even the humidity can affect how fast the product comes out. Watch flow rate. If the product appears to be coming out either slower or faster than you are covering the lawn, adjust the setting. Close the spreader when filling, turning or stopping.

IRON WILL STAIN. Use this product on lawns only. Keep this product off surfaces such as sidewalks, patios, wooden decks, driveways, and clothing. Sweep concrete surfaces immediately to prevent staining. If concrete is wet when contact occurs, staining may be impossible to prevent.

Spreaders Settings

Rotary Spreader Models
These spreaders can toss granules a great distance. Do not allow granules to fall on surfaces that might be stained.

Drop Spreader
20lb per 4,000 sq. ft.
Earthway Ev-N-Spread 6
Scotts Accu-Green 1000 5
Scotts Accu-Green 2000 3.75
Scotts Accu-Green 3000 5
Sta Green 4500 1.75

Broadcast Spreader
20lb per 4,000 sq. ft.
Vigoro Sb 4000W 5
Earthway Ev-N-Spread 10
Scotts SpeedyGreen 1000 3
Scotts SpeedyGreen 3000 3
Sta Green 4500 4

Drop Spreaders
Begin spreading by laying down two strips of this product at each end of lawn. Fill in remaining area as shown here. Close the spreader when you stop walking or make turns to avoid uneven coverage. Overlap previous track slightly, as shown, to avoid gaps in coverage. Water in after application.

Storage & Disposal
PESTICIDE STORAGE: Store this product in its original container and keep in a locked storage area out of reach of children and domestic animals. PESTICIDE DISPOSAL: If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down an indoor or outdoor drain. CONTAINER DISPOSAL: If empty: Non-refillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available.
