NUOSEPT® 498 PRESERVATIVE

INDUSTRIAL MICROBIOSTAT

ACTIVE INGREDIENT:
1,2-Benzisothiazolin-3-one 19.00%
INERT INGREDIENTS: 81.00%
TOTAL 100.00%

KEEP OUT OF REACH OF CHILDREN

DANGER

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS

Carcinogenic. Causes irreversible eye damage. May be fatal if swallowed or inhaled. Do not get in eyes, on skin or on clothing. Causes skin irritation. Do not breathe vapor or spray mist. Prolonged or frequently repeated skin contact may cause allergic reactions in sensitive individuals. Wear goggles or face shield, a respirator with an organic vapor removing cartridge, and protective clothing. Follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions exist, use deterrent and hot water. Keep and wash PPE separately from laundry. Discard clothing and other absorbent material that have been drenched or heavily contaminated with the product’s concentrate. Do not reuse them.

USER SAFETY RECOMMENDATIONS:
- Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
- Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

DIRECTORS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. A water soluble, liquid organic biocide (also called an antimicrobial or in-can preservative), recommended for use as an industrial preservative for the protection of caulks, sealants, grouts, spackling, ready-mixed cements*, ready-mixed wallboard compounds, aqueous compositions such as emulsion paints, aqueous slurries, titanium dioxide slurries, oil in water emulsions, latexes, water-based adhesives, casein/resin dispersions, textile spin-finish solutions, pesticide formulations, tape joint compound, leather processing solutions, inks, home cleaning products (such as floor cleaners, floor waxes and polishes, surface cleaners, window cleaners and dish detergents), laundry additives (such as liquid laundry detergent, fabric softeners, and stain removers) and car care products (such as washing products, car waxes, and silicone emulsions), and for the preservation of fresh animal hides and skins.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PERSISTENT STORAGE - Do not store with strong oxidizing agents or strong (concentrated) acids. Keep container tightly closed when not in use. Do not re-use container.

PERSISTENT DISPOSAL - Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. These wastes cannot be disposed of by use according to label instructions. Contact your local State Pesticide or Environmental Control Agency, or the Hazardous Waste Management Office at the nearest EPA Regional Office for guidance.

CONTAINER HANDLING - Non-returnable container. Do not re-use or refill this container. Triple rinse (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container ¾ full with water and recapture. Shake for 10 seconds. Pour the rinsate into application equipment or a mix tank, or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration or, if allowed by state and local authorities, by burning. If burned stay out of smoke.

PHYSICAL AND CHEMICAL HAZARDS

Combustible. Do not store or use near heat or open flame. Do not apply this product in a way that will contact workers or other persons.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

NOTE: READ THE MATERIAL SAFETY DATA SHEET BEFORE USING THIS PRODUCT.

**FIRST AID**

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS**

**DANGER**

Corrosive. Causes irreversible eye damage. May be fatal if swallowed or inhaled. Do not get in eyes, on skin or on clothing. Causes skin irritation. Do not breathe vapor or spray mist. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

Wear goggles or face shield, a respirator with an organic vapor cartridge or with a prefilter approved for pesticides (MSHA/NIOSH approval number 7X-23C) or a canister approved for pesticides (MSHA/NIOSH approval number TC-1AG) or a NIOSH approved respirator with an organic vapor (CV) cartridge or canister with an N, R, P or HE prefilter, covers all over short-sleeved shirt and short pants, chemical resistant footwear plus socks, chemical resistant gloves made of any waterproof material, a chemical resistant apron when mixing, loading, or cleaning equipment and chemical resistant headgear for overhead exposure.

Follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent material that have been drenched or heavily contaminated with the product’s concentrate. Do not reuse them.

**USER SAFETY RECOMMENDATIONS:**

- **Emergency notification:** The following procedures may be followed if there is a significant emergency or spill. Consult the local emergency response service for guidance.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

A water soluble, liquid organic biocide (also called an antimicrobial or in-can preservative), recommended for use as an industrial preservative for the protection of caulks, sealants, grouts, spacklings, ready-mixed concrete, ready mixed wallboard compounds, aqueous compositions such as emulsion paints, aqueous slurries, titanium dioxide slurries, oil in water emulsions, latexes, water-based adhesives, casein/resin dispersions, textile spin-finish solutions, pesticide formulations, tape joint compound, leather processing solutions, industrial products (such as floor cleaners, floor waxes and polishes, surface cleaners, window cleaners and dish detergents), laundry additives (such as liquid laundry detergent, fabric softeners, and stain removers) and car care products (such as washing products, car waxes, and silicone sealants), and for the preservation of fresh animal hides and skins.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage or disposal.

**PESTICIDE STORAGE**

- Do not store with strong oxidizing agents or strong (concentrated) acids. Keep container tightly closed when not in use.
- Do not reuse container.

**PESTICIDE DISPOSAL**

- Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinseate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your local State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**CONTAINER HANDLING** - Non-refillable container. Do not reuse or refill this container. Triple rinse (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container 1/4 full with water. Replace and tighten closures. Tips container on its side and roll back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip back and forth several times. Empty the rinseate into application equipment or a mix tank or store rinseate for later use or disposal. Repeat this procedure two or more times. Then offer for recycling or reconditioning, or puncture and dispose of in sanitary landfill, or incineration or, if allowed by state and local authorities, by burning. If burned stay out of smoke.

**PHYSICAL AND CHEMICAL HAZARDS**

- Combustible. Do not store or use near heat or open flame. Do not apply this product in a way that will contact workers or other parents.

**ENVIRONMENTAL HAZARDS**

This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

**USE**

This use application is not approved for use in California.

**NOTE:** READ THE MATERIAL SAFETY DATA SHEET BEFORE USING THIS PRODUCT.
