KEEP OUT OF REACH OF CHILDREN

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER! CORROSIVE. Causes irreversible eye damage and skin burns. Do not get in eyes, on skin or on clothing. Wear goggles or face shield, protective clothing and rubber gloves. May be fatal if swallowed or inhaled. Do not breathe spray mist or vapor. Wear a dust/mist filtering respirator (NIOSH/CDPH approval number TC-21C). Harmful if absorbed through the skin. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, or using tobacco. Remove contaminated clothing and wash before reuse.

FIRST AID
IF IN EYES: Rinse eyes immediately with plenty of water for 15 - 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance. If you know artificial respiration, preferably by mouth-to-mouth if possible. Call a poison control center or doctor for treatment advice.
Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment.

NOTE TO PHYSICIANS: Probable excruciating damage may contaminate the use of gastric lavage. Measures against cardiorespiratory depression, and convulsion may be needed.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARDS

DO NOT USE OR STORE NEAR HEAT OR FLAME!

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product is a concentrate for formulating purposes only. This product for formulation into antimicrobial products for use in farm-Agricultural premises and equipment, Food Handling/storage establishment premises and equipment, Commercial, institutional and industrial premises and equipment, Residential premises, Medical premises and equipment, Institutional processes and waste systems, Wood preservatives and Swimming Pools. Formulations using this product are responsible for providing data for the EPA regulation of the formulation. This product may be used to formulate products for specific uses not listed on the label if the formulator or primary registrant has complied with U.S. EPA data requirements regarding the support of such uses.

NOTE: This product should not be used or compounded with any reducing or oxidizing agents (such as calcium hypochlorite, sodium peroxide, or nitric acid) since such mixtures may be explosive. Do not use in conjunction with soap or any alkali containing agent.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE

Do not store on soil.

PESTICIDE DISPOSAL

Pesticide waste are acutely hazardous. Improper disposal of excess pesticide, spray runoff, or rinse water is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL

Nonmetallic container: Do not reuse or refill this container. Clean container promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank, fill the container 1/3 full with water, Replace and tighten closure, Tip container on its side and roll back and forth, ensuring at least one complete revolution, for 20 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinse into application equipment or a mix tank or store rinse for later use or disposal. Repeat this procedure more times. Then after for recycling or reconditioning if available, or overpack and ship in a secondary container or by other procedures approved by state and local authorities. If rinse cannot be used, follow pesticide disposal instructions. If not triple rinsed, these containers are acid hazardous wastes and must be disposed in accordance with local, state and federal regulations. DO NOT cut or weld metal containers.
