FIRST AID

If in eyes: Hold open eye and rinse steadily and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for further treatment advice.

If swallowed: Call a poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by a poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

If on skin or clothing:
- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.
- Get medical attention for symptoms or long-term effects.

Agricultural Use Requirements
Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR Part 170. This Standard contains requirements for the protection of agricultural workers on farms, forestry, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, recordkeeping, notification, and emergency assistance. It also contains specific instructions and exceptions referring to the statements on this label about personal protective equipment (PPE) and restricted-entry intervals. The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard.
Do not enter or allow worker entry into treated areas during the restricted entry interval (REI) of 4 hours or until safety zones have been cleared.

PREP required for entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated such as plants, soil or water is:
- Coveralls
- Chemical-resistant gloves
- Shoes plus socks
- Protective eyewear

NON-AGRICULTURAL USE REQUIREMENTS
The requirements in this box apply to uses of this product that are not covered by the Worker Protection Standard for agricultural pesticides (40 CFR Part 170). The NPS applies when this product is used to produce agricultural products on farms, forests, nurseries or greenhouses.

GENERAL INFORMATION
BIONITE is a minimum risk botanical insecticide that controls mites, Eotetranychus spp., Tetranychus spp. and Pseudococcus spp., including two-spotted mites, psyllids, mealybugs, whiteflies, citrus mealy bugs, citrus red mite, spider mites and red spider mites. Eotetranychus spp. is a minor component of this product which helps control the blackberry mite which is in the family Tetranychidae. This product is effective on two-spotted mites and red spider mites.

RATES OF APPLICATION
Apply BIONITE when mites first appear on crop.
- Crops: Apple, apricot, blackberry, blueberry, cherry, cranberry, grape, kiwi, melon, orange, peach, pear, plum, raspberry, strawberry, and others.
- For ornamental plants:
  - Citrus: 5.0 g/100 gal (4 oz/100 gal)
  - Ornamental foilage: 5.0 g/100 gal (4 oz/100 gal)

For mite control on potting soil:
Apply BIONITE to control spider mites on potting soil. Apply BIONITE at the rate of 5.0 g/100 gal (4 oz/100 gal) when mites first appear.

STORAGE AND DISPOSAL
Do not contaminate water, food- or feed-producing areas.

Pesticide Storage: Store in a cool, dry area until used. Store in original container at temperatures not exceeding 104°F.

CONTAINER DISPOSAL: This material resulting from the use of this product must be disposed of in an approved waste disposal facility.

WARRANTY STATEMENT
This material conforms to the description on the label and is reasonably fit for the purposes referred to in the directions for use. Tainting, unwettable temperature, weather conditions, presence of other materials, application of method, weather, working practices, nature of soil, disease problems, condition of the crop, incompatibility with other products, pre-existing conditions and other conditions influencing the use of this product are beyond the control of the Tri-State. The user assumes all risks associated with the use, storage, and handling of the material not in strict accordance with the directions given herein. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, NO OTHER EXPRESS OR IMPLIED WARRANTY OF FITNESS OR MERCHANTABILITY IS MADE.
