**TOTAL 100.00%**

**USE & CARE:**
- Natural Flea & Tick Spray for Dogs & Puppies is best if used year round.
- For use on domestic animals, including legs, tail and underbody. With your hand, fluff the dog's hair against the way it normally lays to assure that the spray penetrates the coat to the skin. Do not saturate the dog and do not apply directly into the face, eyes or genitals. Repeat as necessary. Dog may be treated indoors or outdoors. In order to help reduce the occurrence of fleas and ticks, this product is best if used year round.

**AFTER USE:**
- Do not apply product directly into the face, eyes, mouth, nose or genitalia of dogs. Do not use on puppies under the age of 12 weeks. Consult a veterinarian immediately. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

**FIRST AID FOR HUMANS:**
- IF IN EYES - Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for further advice.
- IF INHALED - Get to fresh air. If breathing has stopped, call 911 or an ambulance; qualified personnel should administer artificial respiration.
