PRECAUTIONARY STATEMENTS

FIRST AID

If IN EYES: Hold eye open and rinse slowly and gently with water for 15-30 minutes. Remove contact lenses, if present, after 5 minutes, then continue rinsing one eye at a time, without rubbing.

IF INHALED: Get fresh air immediately. If not breathing, give mouth-to-mouth resuscitation. If breathing is difficult, give oxygen.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person rinse mouth and swallow large amounts of water.

If skin contact occurs, wash thoroughly with soap and water.

ENVIRONMENTAL HAZARDS

Do not discharge effluent containing this product into lakes, streams, ponds, aquaculture areas, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by leakage or discharge.

Package Storage: Store in original container in areas inaccessible to children. Upon dumping is prohibited. Do not re-use or refill this container.

Disposal: Material resulting from the use of this product may be disposed of in an approved waste disposal facility. Triple rinse (if equivalent). Need for recycling or reclamation, or purchase and disposal of foam is a sanitary facility, or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke. Hazards associated with, do not reuse or refill this container.

PRIMEROS AUXILIOS

Si CAE EN LOS OJOS: Mantenga el ojo afectado abiertos y lave con agua fría y limpio por al menos 15 minutos. Si el contacto es con piel o ropa, lávela con agua caliente y jabón. Si el contacto es con la ropa de la persona, lávela en agua caliente. Si el contacto es con el cuero o las telas, deseche el producto.

Si CAE EN LA PIEL O LA CLOTHING: Deseche la ropa contaminada. Enjuague la piel de lavado con agua caliente durante 15-30 minutos.

Si EL PRODUCTO ES INGREDIÉNTE: Lave la ropa contaminada con agua caliente durante 15-30 minutos. Si el contacto es con piel o ropa, lávela con agua caliente y jabón. Si el contacto es con el cuero o las telas, deseche el producto.

Si el producto es inespecífico: Deseche la ropa contaminada. Enjuague la piel de lavado con agua caliente durante 15-30 minutos.

Si el producto es inespecífico: Lave la ropa contaminada con agua caliente durante 15-30 minutos. Si el contacto es con piel o ropa, lávela con agua caliente y jabón. Si el contacto es con el cuero o las telas, deseche el producto.
**GENERAL USE DIRECTIONS**

**HEAVY DUTY CLEANING INSTRUCTIONS:** Use 4 to 6 oz. Simple Green d Pro 3 per gallon of water to clean heavily soiled areas.

**APPLICATION:** For disinfection, remove heavy soil deposits from surfaces. Then thoroughly wash surface with a solution of 2 ounces of the concentrate per gallon of water. Apply with a cloth, mop, sponge, or coarse sprayer, or by soak. For sprayer applications, use a coarse spray device. Spray 6-8 inches from surface, rub with a brush, cloth or sponge. Do not shake the spray. Let solution remain on the surface for a minimum of 10 minutes. Rinse or wipe dry with a clean cloth or sponge or allow to air dry.

- Rinse all surfaces that come in contact with food such as countertops, exterior surfaces of appliances, tables and steak tops with potable water before reuse. Do not use on delicate, glassware and dishes.
- - Rinse floors is not necessary unless they are to be waxed or polished.
- - Prepare a fresh solution daily or more often if the solution becomes diluted or visibly soiled.
- - This product is not for use on medical device surfaces.

**KILLS HIV-1 (AIDS VIRUS) ON PRECLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS in healthcare settings or other settings in which there is an expected likelihood of spills of inanimate surfaces/others with blood/body fluids, and in which the surfaces/object is likely to be soiled with blood/body fluids. Fluids can be associated with the potential for transmission of Human Immunodeficiency Virus Type 1 (HIV-1) (associated with AIDS).

**SPECIAL INSTRUCTIONS FOR CLEANING AND DECONTAMINATION AGAINST HIV-1 (AIDS VIRUS) ON SURFACES/OBJECTS SOILED WITH BLOOD/BODY FLUIDS:**

**PERSONAL PROTECTION:** Clean-up should always be done wearing protective gloves, gowns, masks and eye protection.

**CLEANING PROCEDURES:** Blood and other body fluids must be thoroughly cleaned from surface and objects before application of Simple Green d Pro 3.

**CONTACT TIME:** Leave surface wet for 5 minutes at 25°C / 77°F (room temperature). Use a 10-minute contact time for disinfection against all other viruses, fungi, and bacteria claimed.

**DISPOSAL OF INFECTIOUS MATERIALS:** Blood, body fluids, cleaning materials and clothing should be autoclaved and disposed of according to federal, state and local regulations for infectious waste disposal.

**TOILET BOWLS:** To clean, apply diluted solution around the bowl and up under the rim. Stubborn stains may require brushing. To disinfect, first predawn to remove heavy soil, then remove or expel over the inner trap the residual toilet water. Four in 3 ounces of the diluted solution. Swivel the bowl completely using a scrub brush or mop, making sure to get under the rim. Let stand for 10 minutes or overnight, then flush.

**FOR FUNGICIDAL ACTIVITY:** Simple Green d Pro 3 is an effective fungicide against Trichophyton mentagrophytes (the athlete’s foot fungus) in areas such as locker rooms, dressing rooms, shower and bath areas and exercise facilities. Follow disinfection directions.
