NET CONTENTS: 180 WIPES
6" x 7" (15.24 cm x 17.78 cm)
Pre-measured Wipes
2 lbs 10.5 oz

FULL SPECTRUM DISINFECTANT WIPEs will clean and disinfect hard, non-porous, surfaces such as chairs, counters, exam tables, gurneys, wheelchairs, IV poles, stethoscopes, stretchers, tables, telephone bath room fixtures, shower stalls, sinks, toilets, vanity tops, hospital beds, traction devices, MRI, CAT ultrasound transducers and probes, grocery cart handles, grocery carts, shopping carts, grocery cart chisels, diaper pails, garbage cans, cabinets, chairs, computers, countertops, desks, bookshelves, door knobs, fax machines, seats, sinks, tables, tabletops, telephones, gym equipment, exercise machines, wrestling mats.

Use FULL SPECTRUM DISINFECTANT WIPEs to clean and disinfect non-porous personal protective equipment, hard hats, mask respirators, full face breathing apparatus, gas masks, goggles, spectacles, or PVC hearing protectors and vinyl covered ear muffs. Rinse all equipment that comes in prolonged contact with warm water (about 120°F), and allow to air dry. (Caution: Cleaning at the 120°F temperature will cause the personal safety equipment that would necessitate replacement.)

FULL SPECTRUM DISINFECTANT WIPEs are formulated to disinfect hard, non-porous, inanimate objects, floors, walls, metal surfaces, stainless steel surfaces, glazed porcelain, glazed ceramic tile, non-porous bathroom stalls, bathtubs, and cabinets.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This product is not for use on critical and semi-critical medical device surfaces.
CLEANING: Use one FULL SPECTRUM DISINFECTANT WIPE to completely remove surface of all treated surfaces.

DISINFECTING: To disinfect hard, non-porous surfaces, thoroughly wet the surface to be treated. The wet surface can be allowed to remain moist for 10 minutes. A potable water rinse is required for surfaces in direct contact with food. For spot test on an inconspicuous area before use. For heavily soiled surfaces, clean before following with VIRUCIDAL ACTIVITY: FULL SPECTRUM DISINFECTANT WIPEs against: • Human Immunodeficiency Virus Type 1 (HIV-1), when the treated surface is allowed to remain moist for 10 minutes to assure that the treated surface remains continuously wet for the prescribed time.
FULL SPECTRUM DISINFECTANT WIPES are intended for use in: Hospitals and healthcare settings: ambulances, anesthesia, CAT labs, Central Supply, Clinics, Dental Offices, Dialysis Clinics, Doctor's offices, Home health care, Hospices, Laboratory, Laundry rooms, Newborn nursery, Nursing homes, Physical therapy, Physician's offices, Radiology, Recovery Room, Rehabilitation, Respiratory therapy, Transport vehicles, X-Ray: Critical Care Areas: CCU, Emergency Rooms, I.R., I.C.U., Neonatal Intensive Care Units (NICU), Operating Rooms, Pediatric Intensive care Units (PICU), Surgery, Cathlab, etc., Veterinary clinics, animal hospitals, animal life science laboratories, kennels, pet animal kennels, breeding establishments, grooming establishments, pet animal quarters, zoos, pet shops, tack shops, animal holding areas, veterinary waiting rooms, veterinary examination rooms, veterinary X-ray rooms, veterinary operating rooms, animal transportation vehicles, beauty salons, barber shops, correctional facilities, funeral homes, mortuaries, schools, health clubs, gyms, athletic facilities, airports, transportation terminals, Grocery stores, Shopping Centers, Delicatessens, Catering facilities, Banquet halls, Nursery, Daycare centers.

FULL SPECTRUM DISINFECTANT WIPES will clean and disinfect hard, non-porous surfaces of: beds, railings, cabinets, carts, chairs, counters, exam tables, gurneys, isolettes, IV poles, stools, stretchers, stretchers, tables, telephones, toilet seats, toilets, bathtubs, bathroom fixtures, shower stalls, sinks, tiles, vanity tops, hospital beds, traction devices, MRI, CAT, scales, pindles, wheelchairs, ultrasound transducers and probes, ocean cart handles, grocery carts, shopping carts, grocery cart child seats, changing tables, cribs, diaper pals, garbage cans, cabinets, chairs, computers, countertops, desks, dressers, dressers, fax machines, headsets, keyboards, wagons, carts, sinks, tables, telephones, gym equipment, exercise machines, wrestling mats, and gymnastic equipment.

Use FULL SPECTRUM DISINFECTANT WIPES to clean and disinfect non-porous, personal protective safety equipment: protective headgear, hard hats, half mask respirators, full face breathing apparatus, gas masks, goggles, spectacles, face shields, silicone rubber or PVC hearing protectors and vinyl covered ear muff. Rinse all equipment that comes in prolonged contact with skin before reuse with warm water (about 120°F), and allow to dry. (CAUTION: Cleaning at the 120°F temperature will avoid overheating and distortion of the personal safety equipment that would necessitate replacement.)

FULL SPECTRUM DISINFECTANT WIPES are formulated to disinfect hard, non-porous, inanimate environmental surfaces such as floors, walls, metal surfaces, stainless steel surfaces, glazed porcelain, glazed ceramic tile, non-polycarbonate plastic surfaces, bathrooms, shower stalls, bathtubs, and cabinets. DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labelling. This product is not for use on critical or semi-critical medical device surfaces. CLEANING: Use one FULL SPECTRUM DISINFECTANT WIPES to completely remove surface of all gross debris from surfaces to be disinfected. DISINFECTING: To disinfect hard, non-porous surfaces, thoroughly wet the surface to be treated. Treated surface must remain visibly wet for disinfection:
- To disinfect against Escherichia coli (E. coli), Escherichia coli 0157:H7, Pseudomonas aeruginosa, Salmonella choleraesuis and Vancomycin Resistant Enterococci (VRE), Staphylococcus aureus, Methicillin Resistant Staphylococcus aureus (MRSA), Mycobacterium tuberculosis BCG (Tuberculosis) and Vancomycin Intermediate Resistant Staphylococcus aureus (VISA), allow the treated surface to remain wet for 10 minutes. A possible water rinse is required for surfaces in direct contact with food. For plastic and painted surfaces, spot test on an inconspicuous area before use. For heavily soiled surfaces, clean before following disinfecting instructions.
- VIRUCIDAL ACTIVITY: FULL SPECTRUM DISINFECTANT WIPES are an effective virucide on hard, non-porous surfaces against:
  - Human Immunodeficiency Virus Type 1 (HIV-1) when the treated surface is allowed to remain wet for 2 minutes.
  - Nonviruses (Norwalk Virus) and Feline calicivirus when the treated surface is allowed to remain wet for 10 minutes. Use additional wipes if needed to assure that the treated surface remains continuously wet for the prescribed time.

For Ultrasound Transducers andProbes:
Use only on external surfaces of ultrasound transducers and probes. With a clean washcloth, clean gel from external surface of the ultrasound transducer or probe to be disinfected. Then thoroughly wet probe with wipe. Treated surface must remain wet for 10 minutes. Use additional wipess if needed to assure that the surface remains continuously wet for the prescribed time.

KILLS HIV-1 ON PRE-CLEANED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS in healthcare settings: Hospitals, Nursing Homes, or other settings in which there is an expected likelihood of soilage of inanimate objects/surfaces with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of Human Immunodeficiency Virus Type 1 (HIV-1) (associated with AIDS). SPECIAL INSTRUCTIONS FOR CLEANING & DECONTAMINATION AGAINST HIV-1 ON SURFACES/OBJECTS SOILED WITH BLOOD/BODY FLUIDS, PERSONAL PROTECTION: When handling items soiled with blood or body fluids use disposable latex gloves, gowns, masks, and eye coverings.

CLEANING PROCEDURES: Blood and other body fluids must be thoroughly cleaned from surfaces and objects before application of this product. FULL SPECTRUM DISINFECTANT WIPES can be used for this purpose.

CONTACT TIME: Thoroughly wet surface with a new FULL SPECTRUM DISINFECTANT WIPES. Allow surface to air dry. Although efficacy at a 2 minute contact time has been shown to be adequate against HIV-1, use the contact time for the decontamination of other organisms listed on this label. DISPOSAL OF INFECTIOUS MATERIALS: Blood and other body fluids must be autoclaved and disposed of according to local regulations for infectious waste disposal. Not for personal cleansing. This is not a baby wipe! Do not flush in toilet.

TO OPEN:
1. Remove lid from container. 2. Lift flap in center of lid. 3. Pull up corner of center wipe, twist to a point and thread through dispenser hole in lid. DO NOT PUSH FINGER THROUGH OPENING. 4. Replace lid. Pull out exposed wipe and snap off. The next wipe pops up automatically. Dispose of used wipes in trash receptacle. Snap center flap down when finished to retain moisture. 5. Do not flush.

STORAGE AND DISPOSAL
Do not contain formaldehyde, formaldehyde, or formaldehyde storage or disposal. PESTICIDE STORAGE: Store in an area inaccessible to children.
CONTAINER DISPOSAL: Do not reuse empty container. Rinse thoroughly before discarding in trash.

PRECAUTIONARY STATEMENTS
Hazards to Humans and Domestic Animals

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco.
FIRST AID: Have the product container or label with you when calling a poison control center or doctor, or going for treatment. IF IN EYES: Hold eyes open and rinses gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice. You may contact the National Pesticide Information Center at 1-800-929-9692 for emergency medical treatment information.
