POOL breeze®
pool care system

start-up kit
For all pools up to 20,000 gallons
Start-up & Winterizing Algicide

Active Ingredient:
N-Alkyl (C14 95%, C12 5%, C16 2%) dimethyl benzyl ammonium chloride dihydrochloride ........................................... 100%

KEEP OUT OF REACH OF CHILDREN

DANGER

See Precautionary Statements and First Aid below.

DIRECTIONS FOR USE:
- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

GENERAL USE DIRECTIONS:
- For best results test and adjust water balance before use. Chlorinate and clarify pool water as needed. Keep filtration systems clean and backwash regularly.

Pool Breeze® pool care system start-up & winterizing algicide should be added to a suitable feeding device (such as a skimmer, filter, or automatic feeder) while filter and pump are in operation. To provide time for algae dissolution in the pool water, add at least a minimum of 15 minutes after Pool Breeze pool care system start-up & winterizing algicide solution before entering the pool.

INITIAL APPLICATION:
Add 2.7 dry ounces of Pool Breeze pool care system start-up & winterizing algicide per 10,000 gallons of water to a suitable feeding device to achieve 5 ppm active ingredient at pool start-up.

VISCLO ALGAECIDE:
- If algae are visible, treat surfaces and then add 6.75 dry ounces (150 grams) of Pool Breeze pool care system start-up & winterizing algicide per 10,000 gallons of water to a suitable feeding device to achieve 5 ppm active ingredient. Vacuum pool and remove dirt algae after 24 hours. Repeat treatment as necessary if algae are still present.

MAINTENANCE DOSE:
- Add 6.75 dry ounces (150 grams) of Pool Breeze pool care system start-up & winterizing algicide per 10,000 gallons of water to a suitable feeding device every week to achieve 0.5 ppm active ingredient.

For very hot weather or heavy buzzer load, use this dosage every 5 days.

BOOSTER DOSE:
- After heavy rains, severe storms or heavy pool usage, add 2.7 dry ounces (75 grams) of Pool Breeze pool care system start-up & winterizing algicide per 10,000 gallons of water to a suitable feeding device to achieve 2 ppm active ingredient.

WINTERIZING DOSE:
- Pool Breeze pool care system start-up & winterizing algicide aids in the prevention of algae in swimming pools during the winter months, when the pool is out of service. Test water for proper balance of minerals, pH and presence of metals. Take corrective action if necessary.

Superchlorinate the pool with a winter shock treatment following label directions. Apply when pool is out of service and allow pump to run for a minimum of one hour, preferably several hours or overnight.

Add 6.75 dry ounces of Pool Breeze pool care system start-up & winterizing algicide per 10,000 gallons of water to a suitable feeding device to achieve 5 ppm active ingredient at pool closing. Run the filter pump for at least 6 hours after application.

Chlorine pool water line and filter, in areas with severe freezing, drain pool equipment and plumbing lines or use an antifreeze recommended for swimming pool plumbing and equipment. Pets within covers or mesh covers may need a second treatment in mid-water or just prior to freezing.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS — DANGER: Causes severe eye damage and skin burns. MAY BE FATAL IF INHALED, SWALLOWED OR ABSORBED THROUGH SKIN. Do not get into eyes, on skin or on clothing. Do not breathe dust. Wear protective eyewear (goggles or face shield), protective clothing and rubber gloves. Wash thoroughly with soap and water after handling and before eating, drinking, or using tobacco. Remove contaminated clothing and wash clothing before reuse.

ENVIRONMENTAL HAZARDS: This product is toxic to fish.

PHYSICAL AND CHEMICAL HAZARDS: This algicide is caustic. Do not mix with soap or anionic materials.

STORAGE AND DISPOSAL: Store in original container in areas inaccessible to children. Do not reuse empty container. Wrap container and put in trash.

FIRST AID
- IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, and continue rinsing eye.
- IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.
- IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.
- IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.
- Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment.

NOTE TO PHYSICIAN: Prolonged mucous membrane may contribute to the use of gastric lavage.
