HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER
CROSSIVE, CAUSES IRREVERSIBLE EYE DAMAGE AND SKIN BURNS. MAY BE FATAL IF INHALED OR ABSORBED THROUGH SKIN. HARMFUL IF SWALLOWED. DO NOT GET IN EYES, ON SKIN, OR ON CLOTHING.

PERSONAL PROTECTIVE EQUIPMENT (PPE)
Applicators and other handlers must wear:
- Coveralls over long-sleeved shirt and long pants,
- Chemical resistant footwear and socks,
- Chemical resistant gloves that are waterproof,
- Protective eyewear,
- Chemical resistant apron when cleaning equipment, mixing or loading,
- Dust/mist filtering respirator (NSHA/NIOSH approval number prefix TC-21C)

Follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

USER SAFETY RECOMMENDATIONS
Users should:
- Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
- Remove clothing immediately if pesticide gets inside, then wash thoroughly and put on clean clothing. Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

STORAGE AND DISPOSAL:
Do not contaminate water, food, or feed by storage or disposal of equipment.
Storage: Store in a cool, well-ventilated storage area. Temperatures in excess of 104°F (40°C) will cause decomposition of IPBC. Store in original container only in a locked place out of reach of children. Preserve from freezing.
Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.
Container Disposal: Do not reuse empty container. Do not dispose of in a sanitary landfill or by incineration, or if allowed by state and local authorities by burning. If burned, stay out of smoke.

INGREDIENT STATEMENT
Active Ingredients:
- Propiconazole
- 3,4,5-Trifluoro-2-propynyl butylcarbamate
- Alachlor (50%{14}, 40%{12}, 10%{6})
- Dimethyl benzyl ammonium chloride

Inert Ingredients:

- TOTAL:

KEEP OUT OF REACH OF CHILDREN
DANGER
See side panel for other precautionary statements

IF IN EYES:
- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

IF ON SKIN:
- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

IF INHALED:
- Move person to fresh air.
- If person is not breathing, call 911 or ambulance, then give artificial respiration, preferably mouth-to-mouth.
- Call a poison control center or doctor for further treatment advice.

IF SWALLOWED:
- Call a poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to do so.
- Do not induce vomiting unless told to do so by poison control center or doctor.
- Do not give anything by mouth to an unconscious person

FIRST AID

NOTICE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

DIRECTIONS FOR USE:
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.
For Industrial or Commercial Use Only

APPLICATION DIRECTIONS:
FrameGuard™ (pack A) may be applied to wood and wood products by immersion or spray methods according to the dilutions provided below. Dilution levels may vary widely and will depend on application methods, wood species, seasonal changes in exposure conditions, length of protection desired, and moisture and storage conditions.

- For sprays applications: Mix one gallon of FrameGuard™ (pack A) to 15-50 gallons of water.
- For immersion applications: Mix one gallon of FrameGuard™ (pack A) to 50-300 gallons of water.

If lumber is to be treated by dipping in the treatment solution, contact the wood for at least 10 seconds. For black stacked lumber, immersion time must be sufficient to allow penetration of the treatment solution to the center of the pack. For best results, apply FrameGuard™ (pack A) to recently felled and fresh sawn or peeled wood ensuring total coverage. Allow treated wood to drain in a enclosed area before storage, and ensure that freshly treated wood is not allowed to remain unprotected in heavy rain.

ENVIRONMENTAL HAZARDS:
Do not discharge effluent containing this product into lakes, streams, ponds, streams, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the local sewer treatment plant authority. For guidance, contact your State Water Board or Regional Office of EPA.

WARRANTY:
We warrant this material to comply with our published specifications and be of good merchantable quality and such as will regularly pass in the trade for goods within the description, and further warrant it to be fit for the normal purposes for which such goods are used. We assume no responsibility that this material is fit for any particular purpose outside of the general purposes of goods of the description.
