This product may be used in day care centers, nurseries, institutional facilities, public restrooms, schools, health care facilities, colleges, retail and wholesale establishments. This product may be used on the following washable hard, non-porous surfaces: curtain poles, tables, outdoor furniture, chairs, desks, telephones, televisions, washable walls, cabinets, doorknobs, shower stalls, tubs, and glazed tile, toilets, glazed porcelain tile, stainless steel, enameled surfaces, finished woodwork, bathtubs, sinks, Formica®, and hard non-porous surfaces made of steel, stainless steel, glazed porcelain, glazed ceramic, sealed stone and plastic.

This product is a hospital disinfectant for prepared surfaces at 5 ounces per gallon, in bactericidal according to the AUC-3:2:1 Solution Test method. Virucidal according to the Virucidal qualification, a Midwestern according to Midwestern guidelines, against (Bacteria) Pseudomonas aeruginosa, Salmonella choleraesuis, Staphylococcus aureus, Streptococcus pneumoniae, (Virus) Hepatitis B Type 2, HIV-1 (AIDS-Virus), (Fungi) Aspergillus fischeri, Candida albicans. This product is specially formulated to effectively eliminate offensive odors caused by mold and mildew.

DIRECTIONS FOR USE:
It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Preparation of use-solution: Add 5 oz. per gallon of water to disinfect hard prebrieled porous surfaces. Disinfectant/Virucidal Directions: Remove gross dirt or heavy soil, then thoroughly clean surfaces. Apply use-solution to hard non-porous surfaces, thoroughly wetting surfaces with a cloth, mop, sponge or sprayer. For spray applications, use a coarse spray device. Spray 6-9 inches from surface, rubbing with brush, sponge or cloth. Avoid breathing spray. Treated surfaces must remain wet for 10 minutes. Wipe dry with a clean cloth or sponge or let air dry. Rinse all surfaces that come in contact with food such as countertops, appliances, tables and stovetops with potable water before use. Do not use on utensils, glassware or dishes. Prepare a fresh solution daily or more often if the use-solution becomes visibly diluted or colored. This product is not for use on medical device surfaces. "KILLS HIV ON PRE-CLEANSED ENVIRONMENTAL SURFACES/OBJECTS PREVIOUSLY SOILED WITH BLOOD/BODY FLUIDS in healthcare settings or other settings in which there is an expected high level of soiling of inanimate objects/surfaces/object with blood or body fluids, and in which the surfaces/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of HIV," according to the Virucidal qualification, Type 1 (HIV-1) (associates with AIDS). Special Instructions for Cleaning and Decontamination Against HIV-1 On Surfaces/Objects Soiled with Blood/BODY Fluids, Personal Protection: Cleaning should always be done wearing protective latex gloves, gowns, masks, eye protection. CLEANING PROCEDURE: Blood and other body fluids containing HIV must be thoroughly cleaned from surfaces and objects before application of this product.
