SeaKlear Spa
Brominating Tablets™
Sanitizer for Spas & Hot Tubs

BACTERICIDE-ALGAEICIDE-DISINFECTANT
NO CHLORINE ODOR

ACTIVE INGREDIENT: Bromocresol-5, 5-dimethyltetrahydro-0.96%
OTHER INGREDIENTS: 2%
TOTAL: 100%
Provided: 64.9% Available Bromine
20.9% Available Chlorine

EPA Reg. No. 8622-41-72083
EPA Est. No. 46043-FL-1

KEEP OUT OF REACH OF CHILDREN DANGER
CORROSIVE AND STRONG OXIDIZER
SEE ADDITIONAL PRECAUTIONARY STATEMENTS ON BACK PANEL.

WARRANTY
Seller warrants that this product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with label directions under normal conditions of use, but to the extent consistent with applicable law neither this warranty nor any other warranty of MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, express or implied, extends to the use of this product contrary to label instructions, or under conditions not reasonably foreseeable to Seller, and Buyer assumes the risk of any such use.

Net Weight: 1.5 lbs. (680 g)

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
DANGER - CORROSIVE
CAUSES UNREVERSIBLE EYE DAMAGE AND SKIN BURNS. EYE CONTACT MAY CAUSE LOSS OF VISION. INHALING TOXIC FUMES AND TRAUMA, MAY BE FATALLY INHABITED. HARMFUL, IF ABSORBED THROUGH SKIN OR SWALLOWED.

- Do not breathe dust or mist. Do not get in eyes, on skin or on clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wear goggles with side-shields, face shield or safety glasswear, protective clothing and chemical resistant gloves. Wear a mask or particulate respirator, jointly approved by Mine Safety and Health Administration and the National Institute for Occupational Safety and Health. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove contaminated clothing and wash before reuse. Use with adequate ventilation. Do not smoke, drink, or eat when handling this product. Keep container tightly closed when not in use. Do not ship with foods, feeds, or clothing.

ENVIRONMENTAL HAZARDS: This product is toxic to fish and aquatic organisms.

CHEMICAL AND PHYSICAL HAZARDS: Strong oxidizer, mix with water only. Reaction with combustible organic materials, bases, moisture or with oxidizers may generate heat, hazardous gases and, possibly fire. Do not add to dispensers or other equipment that are not clean of any chemical residues. Does not burn, but will decompose from about 292°F (145°C) releasing toxic gases. Do not break or crush tablets and avoid exposure to dust.

SPECIAL PRECAUTIONS, PLEASE READ BEFORE OPENING CONTAINER: USE MAY RESULT IN SERIOUS PERSONAL INJURY REQUIRING HOSPITALIZATION RELATED COMPLICATIONS MAY LEAD TO DEATH.

PREVENTION OF PHYSICAL INJURY:
1. This product emits a powerful bromine gas. Do not open container indoors. Hold away from face when opening to avoid breathing fumes.
2. Avoid contact with skin or eyes. If contact occurs, wash with soap and water for at least 15 minutes. If irritation persists, consult a doctor.
3. When wearing other chemicals may cause a violent and instantaneous chemical reaction. Do not add this product to water in a pool. Do not add water to this product in a pool.
4. Follow label instructions exactly. Do not take advice from others. Do not experiment.

PREVENTION OF PROPERTY DAMAGE: Contact between this product and unsuitable static and vinyl liners, painted surfaces or other property in or around the spa will result in permanent bleaching of the color.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Keep pH between 7.2 and 7.6 and never allow it to fall below 7.6.

First Aid:
IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an emergency number. If breathing is difficult, give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.
IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

YOU MAY ALSO CONTACT 1-800-424-9300 FOR EMERGENCY MEDICAL TREATMENT INFORMATION.

NOTE TO PHYSICIAN: Probable mucous membrane damage may contraindicate the use of gastric lavage.

Must wear chemical resistant gloves while placing the tablets in the spa. The treatment necessary for your spa will change considerably depending upon those factors that affect chlorine demand. Some of the factors that will vary the required treatment are water temperature, bather load, exposure to windblown debris, thunder or rain storms and length of filtration cycle.

SPAS AND HOT TUBS: Before initially using Brominating Tablets in your spa or hot tub you will need to add 1/2 oz. of sodium bromide for each 100 gallons of water. The same treatment must be followed each time you drain and refill your spa or hot tub with fresh water. Introduce 3 tablets per 300 gallons of spa water with the use of a floating tablet feeder or automatic brominator installed on the spa equipment. Adjust tablet feeder or brominator to obtain an active bromine residual of at least 2 ppm. Maintain spa by adding 3 tablets per 300 gallons every 5-7 days or as needed to maintain an active bromine residual of 2 ppm at all times. Spa water has a tendency to foam and cloud; this is directly proportional to the amount of spa use. Cloudiness in due to the accumulation of body fats, oils and contaminants too small for the filtration equipment to remove, and is linked to rapid escalation of total dissolved solids in the water. To a great extent, decolorizers, clarifiers, as well as shock treatments, demineralizers, or water conditioning agents can be used to clear the water. When water clarification can not be achieved, drain, clean, and refill the spa.

STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by storage or disposal.

PESTICIDES STORAGE: Keep this product dry in the tightly closed, original container when not in use. Store in dark, cool (below 60°F/16°C), dry, well-ventilated area. Keep product away from energy sources, combustible organic materials, candles, strong bases, and moisture.

PESTICIDE DISPOSAL: Pesticide wastess are acutely hazardous. Improper disposal of excess pesticidal spray mixture, or runoff in a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER HANDLING: Non-refillable container. Do not reuse or refill this container. Offer for recycling if available or puncture and dispose of in a sanitary landfill.

SPILLS: When handling or dealing with spills, use impact-resistant gloves with side-shields, or face shield, body-covering clothing, including appropriate chemical-resistant gloves and boots; use a dust respirator if dusting occurs. Sweep up dry spills and dispose of as described for pesticide disposal. If drum contents are contaminated or decomposing, do not reuse container; isolate unsealed drum in the open or in a well-ventilated area, flood with large volumes of water if necessary.

IN CASE OF FIRE: Do not use ammonium phosphate extinguisher near water and Brominating Tablets. Hazardous reactions may occur.
