### FIRST AID

<table>
<thead>
<tr>
<th>Condition</th>
<th>Instructions</th>
</tr>
</thead>
<tbody>
<tr>
<td>If In Eyes</td>
<td>Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes. Continue rinsing eye. Call a Poison Control Center or doctor immediately for treatment advice.</td>
</tr>
<tr>
<td>If on Skin or Clothing</td>
<td>Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice.</td>
</tr>
<tr>
<td>If Inhaled</td>
<td>Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible.</td>
</tr>
<tr>
<td>If Swallowed</td>
<td>Call a Poison Control Center or doctor for treatment advice.</td>
</tr>
</tbody>
</table>

**Note to Physician:** Probable mucosal damage may mandate the use of gastric lavage.

---

### PRECAUTIONARY STATEMENTS

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

- **DANGER:** Causes irreversible damage and skin burns. May be fatal if absorbed through skin. May be fatal if inhaled.
- **HAZARD:** Do not breathe dust or spray mist, resulting in nose and throat irritation/pain. Do not get into eyes, on skin, or on clothing. Wear goggles or face shield, protective clothing and rubber gloves when handling this product. Wash off clothing. Wear long sleeves or face shield, protective clothing and rubber gloves when handling this product. Wash off clothing. Do not wear any respirators that are not approved for this product.

**ENVIRONMENTAL HAZARDS:**

- This product is harmful to fish and aquatic organisms.

**PHYSICAL AND CHEMICAL HAZARDS:**

**STRONG OXIDIZER:** May ignite with water. Use clean dry materials. Do not add this product to any dispersing device containing any other product. Such use may lead to a violent reaction causing fire or explosion.

**Competition with Materials:** May interact with other chemicals or materials to form a material of unknown properties.

**HAZARDOUS FUMES:** May be dangerous to the respiratory system. Exposure may cause severe respiratory irritation and damage. Skin contact may cause skin irritation. Inhalation of the vapors may cause death. Inhalation of high concentrations may cause death.

**SPECIAL PRECAUTIONS (PLEASE READ):**

1. This product may be hazardous to children. Do not open container indoors. Hold away from face when opening to avoid breathing fumes.
2. Protected contact between this product and the skin, eyes, mouth, or fabrics may cause burning. The skin, eyes, or mouth should be rinsed thoroughly with water or the eyes should be rinsed with water or saline.
3. This product contains an oxidizing agent. Use it only in well-ventilated areas.
4. This product is used to check the temperature of a pool. When using it, it is important to avoid brushing walls and floor to expose algae that may be in control or otherwise that might protect algae from high chlorine residual. Such protected algae may begin to reproduce again when high chlorine residual levels are reduced.
5. The product is made of a natural mineral compound and is not hazardous to any organism. However, proper handling and storage are necessary to ensure its effectiveness. Follow the directions for use on the label for this product.

**DIRECTIONS FOR USE:**

1. **Adjust pH to 7.2-7.6** as determined by a test kit. For pools with copper or other hard metals, pH factor is 7.2-7.6. Mix the product into the pool or skimmer intake. Mix the product with skimmer intake to ensure thorough mixing before disinfection. Mix the product in the pool or skimmer intake to ensure thorough mixing before disinfection.

**DIRECTIONS FOR USE:**

1. Secure the product in the area of the pool where it is to be added. If residual chlorine is low, follow the directions for use on the label for this product.

2. Mix the product into the pool or skimmer intake. Mix the product with skimmer intake to ensure thorough mixing before disinfection.

**STORAGE AND DISPOSAL:**

- Do not contaminate water, food or feed by storage or disposal.

**PESTICIDE STORAGE:** Store in a dry, cool and well-ventilated area. Avoid moisture getting into container. Keep all pesticides away from children and animals.

**CONTAINER HANDLING:** Immediate container. Do not reuse or sell this container. Pour excess container thoroughly with food or feed to ensure proper disposal. Offer for recycling if available. Do not contain pesticide.

**FOR DISPOSAL OF A CONTAINING OR DECOMPOSING PRODUCT SEE EMERGENCY HANDLING:**

- **IF PARTIALLY DISCONTINUED:** Dispose of this product in a safe container or as required by your local waste management agency. Do not reuse empty container. Protect the container from the elements. Do not reuse empty container. Protect the container from the elements. Do not reuse empty container. Protect the container from the elements.

**EMERGENCY HANDLING:**

- **IF ACCIDENTALLY FOUND FREE:** Do not contaminate water, food or feed by storage or disposal.

**EPA Reg. No:** 36246-6-755258
**EPA EST. No:** 36246-CR-1
