ACTIVE INGREDIENT
Yeast extract Hydrolysate from
Saccharomyces cerevisiae .......................... 0.063%
OTHER INGREDIENTS ................................ 99.937%
TOTAL .................................................. 100.000%
Refer to fertilizer ingredients section of label for nutritional content information.

STOP-BEFORE USE READ THE LABEL
KEEP OUT OF REACH OF CHILDREN

CAUTION
Si usted no entiende la etiqueta, búsquela a alguien que le explique a usted en detalle. (If you do not understand the label, find someone to explain it to you in detail).

FIRST AID
If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

PRECAUTIONARY STATEMENTS

Hazard to Humans

CAUTION: Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling. Personal Protection Equipment (PPE): Applicators and other handlers must wear long sleeved shirts, long pants, socks, and shoes. Follow manufacturer’s instruction for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Environmental Hazards: Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean water high-water mark. Do not contaminate water by cleaning or disposal of equipment wash waters.

User Safety Recommendations: Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

**APPLICATION INSTRUCTIONS**

Apply Key Nex 350 OR as a furrow spray after dilution and mixing with water in accordance with label instructions or via drip irrigation (Refer to instructions under "Application Instructions for Chemigation" on back of label). Further applications of Key Nex 350 OR in sufficient spray volumes to ensure thorough coverage. Apply Key Nex 350 OR with spray equipment commonly used for making ground and aerial foliar applications. For Ground Applications: Apply in sufficient water volume for thorough coverage of foliage. For dilute applications on tree fruits and tree nuts apply specified rate in 30 to 100 gallons of water per acre. For drip applications on other crops apply specified rate in 20 to 100 gallons of water per acre. For concentrate applications on other crops apply specified rate in at least 20 gallons of water per acre. Concentrate applications require special concentration application equipment. For Aerial Applications: On all crops use the rates in the table and mix the product in at least 15 gallons of water per acre.

**APPLICATION RATES FOR CROPS AND TURF**

**CROP CATEGORY**  
**CROPS**  
**TREE FRUITS & TREE NUTS**  
Citrus, Tropical Fruits Pecans, Other Deciduous Fruits, Pecans, Other Tree Nuts  
2 to 3  
**VEGETABLES, COMMON FIELD CROPS & TURF**  
Tobacco, Other Vegetables, Peanuts, Cotton, Tobacco, Other Field Crops, Turf  
1 to 2  
**SWEET FRUITS**  
Cranberries, Blueberries, Cranberries  
1 to 2

*Use the higher rate under moderate to severe disease pressure.*

**WARNING**  
- Do not contaminate water, food, or feed by allowing equipment to contaminate the area while being filled, issued, or cleaned. 
- Do not contaminate water, food, or feed by allowing equipment to contaminate the area while being filled, issued, or cleaned.

**STORAGE AND DISPOSAL**

- Do not contaminate water, food, or feed by allowing equipment to contaminate the area while being filled, issued, or cleaned.
- Do not contaminate water, food, or feed by allowing equipment to contaminate the area while being filled, issued, or cleaned.

**Net Content:** 2.5 gal  
**Weight Per Gallon:** 11.0 lb
CONDITIONS OF SALE

A Purchase order, invoice or similar purchase document is required to be signed and delivered to the Seller. Any Shipment and/or delivery of any iTree product extends the terms of this agreement. This is the entire agreement between the Buyer and the Seller. No changes to these terms shall be binding unless signed by both parties. In case of a conflict between this Agreement and any purchase order, invoice or similar purchase document, this Agreement shall prevail.

USE PRECAUTIONS FOR CHIRURGICAL

Failure to follow these precautions will void the warranty of any iTree product. The Buyer shall be responsible for proper use and maintenance of any iTree product. The Buyer shall be responsible for any damage or loss caused by improper use or maintenance.

APPLICATION INSTRUCTIONS FOR CHIRURGICAL

1. Apply product to the desired area with a clean, dry, cotton swab.
2. Allow the product to fully penetrate the skin.
3. Remove the product with a clean, damp, cotton swab.
4. Apply the product to the desired area with a clean, dry, cotton swab.
5. Allow the product to fully penetrate the skin.
6. Remove the product with a clean, damp, cotton swab.

FAILURE TO FOLLOW THESE INSTRUCTIONS WILL VOID THE WARRANTY OF ANY iTREE PRODUCT.
