CONCENTRATE

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing.

FIRST AID

If In Skin or Clothing: Take off contaminated clothing. Wash skin and/or clothes immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If In Eyes: Hold open eyes and then gently with plenty of water for 15-20 minutes. Remove contact lens, if present, after the first 5 minutes. Then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If Inhaled: Get fresh air immediately. If you feel unwell, call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment.

Personal Protective Equipment: Applicators and other handlers must:

- Wear long sleeved shirt and pants
- Protective eyewear
- Protective gloves
- Protective footwear
- Shoes plus socks
- Protective overalls

If no such instructions for washing and maintaining PPE exist, use regular detergent and hot water. Keep and wash PPE separately from other laundry.

User Safety Recommendations

- Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.
- Remove clothing if product gets inside. Wash thoroughly and put on clean clothing.

PHYSICAL AND CHEMICAL HAZARDS: Do not use or store near heat or open flame.

ENVIRONMENTAL HAZARDS: Do not apply directly to water, or to areas where surface water is present or to interdunal areas below the mean high tide. Do not contaminate water when disposing of equipment wastewater or rinsates.

DIRECTIONS FOR USE: It is a violation of Federal Law to place this product in a manner inconsistent with its labeling.

Agricultural Use Requirements

Use this product in accordance with its labeling and the Worker Protection Standard, 40 CFR Part 195. This standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. This product also contains specific instructions about personal protective equipment (PPE). Follow worker’s health and safety instructions. Do not enter or enter into treated areas during the restricted entry interval (REI) unless PPE required for entry to treated areas is worn. Keep children and pets out of the treated area until spray has dried. When treated, wash thoroughly and put on clean clothing. Remove clothing immediately if product gets inside. Wash thoroughly and put on clean clothing.

Non-Agricultural Use Requirements

The requirements in this box apply to uses of this product that are NOT within the scope of the Worker Protection Standard for agricultural pesticides (40 CFR Part 195). This product is not intended for use on non-agricultural sites such as homes, driveways, patios, lawns, sidewalks, around mature trees and shrubs, ornamentals, around buildings, in greenhouses and around flower beds. Environmental Conditions: Avenger Weed Killer is effective over a wide range of environmental conditions. Cold weather will slow Avenger Weed Killer down inactivity, but it is effective and will eventually dry. Small annual weeds: for average usage, use 1/2 part of Avenger Weed Killer to 1 part of water. Large annual weeds: for average usage, use 1 part of Avenger Weed Killer to 1 part of water. Do not use in a manner inconsistent with its labeling. All labels are beyond the control of cutting Edge Formulations or the Seller. All such risks are assumed by the Buyer.

The Directions For Use of this product reflects the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result, because of factors such as weather conditions, presence of other materials, or of the product in a manner inconsistent with its labeling, all of which are beyond the control of Cutting Edge Formulations or the Seller.
