**AVENGER WEED KILLER**

**ACTIVE INGREDIENT:**
- 2,4-D (2,4-dichlorophenoxyacetic acid) 17.5%

**INERT INGREDIENTS:**
- 82.5%
- Total 100.0%

**OMRI Listed for Organic Gardening**

**Non-Selective:** Controls most weeds, grasses & broadleaves
- Fast Acting
- Made from Oranges
- Contains Citrus Oil
- Can Be Used Around Pets/Wildlife When Spray has Dried
- Clean Citrus Scent
- Does not stain brick, concrete or pavement

**KEEP OUT OF REACH OF CHILDREN**

**CAUTION:** See back panel for additional Precautionary Statements and First Aid

**GARDENING**

**SHAKE WELL BEFORE USING**

**DIRECTIONS FOR USE:**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

AVENGER Weed Killer is a broad spectrum weed killer that contains d-limonene. D-limonene is the citrus oil that is extracted from the rind of oranges. AVENGER Weed Killer is non-selective and controls most annual weeds, both grasses and broadleafs. It is recommended for areas such as borders, driveways, patios, sidewalks, around mature trees and ornamentals, around building, in greenhouses, terraces and around flower beds.

AVENGER Weed Killer is fast acting with quick visible results. Foliar contact results in control of annual grasses and broadleafs and top growth reduction of deep rooted perennial weeds. Pre-treatment may be required for control of perennial weeds or older, harder weeds. For best results, shake bottle vigorously and thoroughly coat target weeds. A white emulsion should be visible when spraying to visually mark sprayed weeds. If this white emulsion is not seen, shake bottle again to ensure complete mixing.

For Control of SMALL ANNUAL WEEDS: apply AVENGER Weed Killer to the foliage of the small weeds (less than 6 inches) making sure leaves are thoroughly wet and uniformly covered. Do not apply it if a strong threat of rain is expected within 2 hours.

For Control of LARGER ANNUAL WEEDS and BURNEDOWN of PERENNIAL WEEDS: larger annual weeds (more than 6 inches) and perennials are more difficult and may require re-treatment. Treat as described above. Best results are obtained when applied to young, actively growing weeds. Weeds that are mowed, dormant or hardened due to moisture stress are more resistant to herbicide treatment. Do not apply this product through any type of irrigation system.

**NOTE:** All treated vegetation is affected. Avoid contacting desirable plants. Over-spray or drift will injure or kill contacted vegetation. DO NOT spray on leaves - it will damage or kill treated grass.

**STORAGE AND DISPOSAL:**

Do not contaminate water, food, or feed by storage or disposal. STORAGE: Keep from freezing. Store only in original sealed container and keep out of reach of children. PESTICIDE DISPOSAL: Securely wrap original container in several layers of newspaper and discard in trash. CONTAINER DISPOSAL: Do not reuse container (plastic bottle). Pour thoroughly before discarding in trash.

**MANUFACTURED:**

Cutting Edge Formulations, Inc.
3527 Summer Oak Place
Buckhead, GA 30516

**PRECAUTIONARY STATEMENTS:**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION:** Harmful if absorbed through skin. Avoid contact with skin, eyes, or clothing.

**FIRST AID:**

**If on Skin or Clothing:**
- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-30 minutes.
- Call a poison control center or doctor for treatment advice.

**If in Eyes:**
- Hold eye open and rinse slowly and gently with water for 15-30 minutes.
- Remove contact lens, if present, after the first 5 minutes. Then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center, doctor or going for treatment.

**PHYSICAL AND CHEMICAL HAZARDS:**

Combustible: Do not use or store near heat or open flame.

**ENVIRONMENTAL HAZARDS:**

Do not apply directly to water, or to areas where surface water is present or to intermittent areas below the mean high water mark. Do not contaminate water when disposing of equipment washwater or sludge.

**CONDITIONS OF SALE:**

The Directions For Use of this product reflects the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks entirely associated with the use of this product. Crop injury, ineffectiveness or other materials, or use of the product in a manner inconsistent with its labeling, all of which are beyond the control of Cutting Edge Formulations or the Seller. To the extent permitted by law, all such risks are assumed by the Buyer.
