PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Hazard to Humans: Harmful if swallowed or absorbed through the skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Protect children from accidental exposure. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before re-use.

Hazard to Domestic Animals: For external use on dogs only. Do not use on cats or animals other than dogs. Do not treat (one or more) dogs or mosquitoes less than 12 weeks of age. Do not use on rupus or pregnant bitches. Consult a veterinarian before using this product on splinted, aged or medical animals, pregnant or nursing pets. Consult a veterinarian before using on dogs with known organ dysfunctions. Sensitivities can occur after using any animal product on pets. If signs of sensitivity occur, discontinuation use, bathe your pet with mild soap and rinse with large amounts of water if it occurs. Consult a veterinarian immediately. Signs of sensitivity include excessive salivation, vomiting, diarrhea, skin irritation, or heat loss of the application site and reddening.

DO NOT USE ON CATS. It may be harmful or fatal if applied to, ingested by, or, on any cats. Direct application to a cat is extremely toxic and may result in death. It is important to keep treated dogs separated from the application of any other topicals to prevent inadvertent use.

For more information on this pesticide product (including health concerns, medical emergencies, or pesticide concerns), you may call the Poison Control Center at 1-303-389-1883.
