Tuberculocidal • Virucidal* • Fungicidal • Conductive

Kills Pandemic 2009 H1N1 Influenza A Virus (formerly called Swine Flu)

**Active Ingredients:**

- para-tertiary-Amylphenol 10.0%
- ortho-Benzyl-para-chlorophenol 6.5%
- ortho-Phenylphenol 6.0%
- other ingredients 77.5%

**TOTAL 100.0%**

**FIRST AID**

**If in eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes then continue rinsing eye. Call a poison control center or doctor for treatment advice. **If on skin or on clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **If swallowed:** Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. **If inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advise.

In case of emergency call toll free 800-222-1222. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. **Note to Physician:** Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression & convulsion may be needed.

**Net Contents:** 8 fl. oz.

**DANGER**

See back panel for additional information and precautionary statements.
DANGERS TO HUMANS AND DOMESTIC ANIMALS

DANGERS. CAUSES IRREVERSIBLE EYE DAMAGE AND SKIN BURNS. HAZARDOUS IF INHALED. AVOID BREATHING DUST OR SPRAY MIST. DO NOT EAT IN EYES, ON SKIN, OR ON CLOTHING. WASH THOROUGHLY WITH SOAP AND WATER AFTER HANDLING AND BEFORE EATING, DRINKING, CHANGING CLOTHES, USING TOBACCO OR USING THE TOILET. REMOVE CONTAMINATED CLOTHING AND WASH BEFORE REUSE.

PERSONAL PROTECTIVE EQUIPMENT (PPE): Applicators and handlers must wear: Long-sleeved shirt and long pants, socks plus shoes, goggles or face shield, chemical-resistant gloves (such as Transite laminate, nitrile rubber, neoprene rubber and vinyl). Follow manufacturers' instructions for cleaning/maintaining PPE. If no such instructions exist for washables, use detergent and hot water to remove contaminate and PPE separately from other laundry. Use Safety Recommendations: Users should; Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Remove PPE immediately after handling this product. Wash outside of gloves before removing, as soon as possible wash thoroughly and change into clean clothing.

PHYSICAL AND CHEMICAL HAZARDS: Do not apply this product in or on electrical equipment due to the possibility of shock hazard.

CONTRAINDICATIONS: This product has been tested by Hood Patterson-Dewan, Electrical Testing Engineers, for its effect on conductive loads and is found in conformance to the specifications known as NFPA Standard No. 59A, published by the National Fire Protection Association, Second Edition, 1987. This product meets the requirements of NFPA Standard No. 59A, 2.1.

DIRECTIONS FOR USE: (see page 2) for LB back 5/11

PEEL OFF THIS PANEL FOR ADDITIONAL INFORMATION AND PRECAUTIONARY STATEMENTS

1. Health care settings or other settings in which there is an unexpected likelihood of soiling of inanimate surfaces/objectis with blood or body fluids, and in which the surfaces/others/objects likely to be soiled with blood or body fluids can be associated with the potential for transmission of human Immunodeficiency Virus Type 1 HIV-1 associated with AIDS.

Disinfection of Hard Non-Porous Surfaces in Whitpool Foot Spas, Al-Jefi Basins, "Pipe-less" Foot Spas, and other Curing Foot Spas: After using the whisked unit or foot spa, drain and pre-clean the interior surfaces to remove heavy soil, making sure to clean under rims and in crevices. Remove screen and all debris trapped behind the screen. Pre-clean and rinse screen and inlet. Fill the unit with fresh water to just cover the intake valve. And 1/2 oz. of this product in each gallon of fresh water added. Turn jets on for 10 minutes contact time. Drain and rinse all surfaces with fresh water.

Disinfection of Tanning Beds: Pre-clean and rinse to remove heavy soil from surface, apply a solution of 1/2 oz. of this product per gallon of water with a cloth, sponge, or mechanical spray device. Mixing sure all surfaces are wetted thoroughly. Treated surfaces must remain wet for 10 minutes. Rinse with fresh water.

Special Instructions for Cleaning and Decontamination Against HIV of Surfaces/Objectis Soiled with Blood/Body Fluids: Personal Protection: When handling soils soaked with blood or body fluids, use protective equipment such as disposable rubber gloves, gowns, masks or eye covering. Cleaning Procedures: Blood and body fluids must be thoroughly cleaned from surfaces and objects before application of this disinfectant. Contact Time: To kill HIV-1 (AIDS virus) a contact time of 10 minutes at room temperature is required. Disposal of Infectious Materials: Blood and other body fluids should be autoclaved and disposed of according to local regulations for infectious waste. This product uses a non pressurized or high pressure spray gun. Do not allow other persons to enter the treated area until sprays have dried. Thoroughly ventilate entire closed area after fogging applications. Do not enter other persons to enter the treated area until ventilation is complete and any liquid has been allowed, set, or dried. For only less fogged areas before ventilation is complete and the fog has been completely dissipated, all persons must wear the PPE, including a face respirator, required in the Precautionary Statement Section of this labeling for applicators and other handlers.

Product Information: Let's Dance Clear 'N Fresh Cleaner (Disinfectant) Aerosol is a synthetic detergent with very low risk of Gram positive and Gram negative microorganisms, providing good cleaning and decontaminating in one operation, run-inflatable and non-stick use dilutions and excellent solubility. This detergent system has been especially formulated to provide cleaning, wetting and penetration of soils and organic material and easy rinsing of surfaces. Good foam is obtained at 1/2 oz. per gallon of water (1:250) to provide prolonged contact time. This product is for use with spray as directed on containers and glazed tile surfaces, stainless steel, aluminum, chrome, galvanized metal, glass, and other non-porous surfaces such as Slaters, tile grout, fiberglass, plastic, porcelain, polyester, polyurethane, porcelain, wood and metal. At 1/2 oz. per gallon of water (1:250) it is for disinfecting and cleaning surfaces in Homes, Hospital, Medical Research Centers, Health Care Facilities, Restaurants, Research Centers, Laboratories and other institutions. Use Directions: This product is effective against all organisms listed at 500 ppm water hardness and 5% blood serum.

INQUIRIES: For Precautionary Statements/Environmental Surfaces and Subjects Previously Soiled with Blood/body Fluids in

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Commercial Use: PESTICIDE STORAGE: Store only in original container away from heat or open flame. Keep container closed when not in use. Storage must be secured sufficiently to protect product from being accessible to children and persons unfamiliar with its proper use. PESTICIDE DISPOSAL: Pesticide wastes are considered hazardous, improper disposal of excess pesticide, spray mixture, or residue is a violation of Federal Law. If these wastes cannot be disposed of by use, contact your State Pesticide Environmental Control Agency, or the Hazardous Waste Handler at the nearest EPA Regional Office for guidance. CONTAINER HANDLING: Nonhazardous container. Do not reuse or resell this container. Clean container promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container 1/4 full with water and recap. Shake for 10 seconds. Pour entire contents into application equipment or a mix tank for disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then fill for recycling if available, or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities by burning, if burned, stay out of smoke.

Household/Residential Use: CONTAINER HANDLING: Nonhazardous container. Do not reuse or resell this container. Securely wrap original container in several layers of newspaper and discard in trash or offer for recycling if available.
