**BELLACIDE 350**

For use in regulating bacterial, fungal, bacterial control of odors, or chemical properties of water. It is effective for the control of odors, chlorine bleaching, bacteria, etc. or as a preservative in aquatic systems, including drinking water and aquatic production systems. It also reduces algae formation and can be used for control of biological growth in aquatic systems. It is also effective for the control of odors in aquatic systems, including drinking water and aquatic production systems. It also reduces algae formation and can be used for control of biological growth in aquatic systems.

**POISON DANGER**

**KEEP OUT OF REACH OF CHILDREN**

**FIRST AID**

If ingested: Call local poison control center or 1-800-222-1222 for advice on further medical care. Do not attempt to induce vomiting. If on skin or clothing, remove contaminated clothing and wash skin with soap and water. If eye contact occurs, immediately flush away from eyes with plenty of water for 15 minutes. If irritation persists, seek medical attention.

**IF EXPOSED OR OVEREXPOSED**

Seek medical attention immediately. Provide supportive care as necessary. Give nothing by mouth to an unconscious person. Do not induce vomiting. If necessary, administer supplementary oxygen. Seek medical attention immediately.

**INHALATION**

Provide oxygen if breathing is difficult. Avoid exposure to the substance. If necessary, administer supplementary oxygen. Seek medical attention immediately.

**IN CASE OF SPILL OR LEAK**

**STORAGE AND DISPOSAL**

Store product in labeled container. Keep out of reach of children and away from eyes. Avoid exposure to the substance. If necessary, administer supplementary oxygen. Seek medical attention immediately.

**HAZARDOUS COMPOUNDS**

Contains 35% acetic acid, 65% water.

**SALT**

Caution: May be harmful if inhaled or ingested. Avoid contact with skin, eyes, or clothing. Do not inhale. Keep out of reach of children. Avoid exposure to the substance. If necessary, administer supplementary oxygen. Seek medical attention immediately.

**ECOLOGICAL EFFECTS**

Avoid contact with soil, water, or foodstuffs. Do not use on soil, water, or foodstuffs. Avoid exposure to the substance. If necessary, administer supplementary oxygen. Seek medical attention immediately.

**EXTERMINATION ENDANGERED**

May be harmful if inhaled or ingested. Avoid contact with skin, eyes, or clothing. Do not inhale. Keep out of reach of children. Avoid exposure to the substance. If necessary, administer supplementary oxygen. Seek medical attention immediately.

**STORAGE AND DISPOSAL**

Store product in labeled container. Keep out of reach of children and away from eyes. Avoid exposure to the substance. If necessary, administer supplementary oxygen. Seek medical attention immediately.
