*Kills Pandemic 2009 H1N1 Influenza A virus formerly called swine flu

ACTIVE INGREDIENTS:
Alkyl (C₁₄ 60%, C₁₆ 30%, C₁₂ 5%, C₁₈ 5%)
dimethyl benzyl ammonium chloride .......... 2.25%
Alkyl (C₁₂ 68%, C₁₄ 32%)
dimethyl ethylbenzyl ammonium chloride ... 2.25%
INERT INGREDIENTS: ............................ 95.50%
TOTAL: ........................................... 100.00%

For Homes, Hospitals, Nursing Homes,
Institutional and Industrial Use

KEEP OUT OF REACH OF CHILDREN
DANGER PELEIGRO
See back panel for additional precautionary statements and first aid statements.

Net Contents: 2.5 Gallon (9.46L)
DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Apply this product with a cloth, mop or mechanical spray device. When applied with a mechanical spray device, surfaces must be sprayed until thoroughly wetted. Treated surfaces must remain wet for 10 minutes. For spray applications, use a coarse pump or trigger sprayer. Spray 6-8 inches from surface. Rub with brush, sponge or cloth. Do not breathe spray. NOTE: With spray applications, cover or remove all food products. Prepare a fresh solution at least daily or when use solution becomes visibly dirty. For heavily soiled areas, a preliminary cleaning is required.

Disinfection Performance in Institutions, Hospitals, Dental Offices, Nursing Homes, and Other Health Care Institutions: At 2 ounces of product to 1 gallon of water (703 ppm active quat) use level, this product is bactericidal according to the ACUC Use Dilution Test and virucidal against HIV-1 and 90% of non-enveloped viruses. Thoroughly clean all surfaces with the detergent and rinse with water. Sterilize surfaces with a solution of the disinfecting and virucidal solution 2.5 oz per gallon of water for a period of 10 minutes. Incurse all hangers, ropes and other types of equipment used in handling and restraining animals as well as forks, shovels, scrapers, used in removing litter and manure. Ventilate buildings and other enclosed spaces. Do not house animals or employ equipment until treatment has been absorbed, set or dried. Thoroughly scrub all treated feed racks, automatic feeders, waterers and other equipment which dispenses food or water with soap or detergent, rinse and relatively with potable water before reuse.

Precautionary Statements:

Hazard to Humans and Domestic Animals: Danger: Keep out of reach of children. Corrosive. Causes irreversible eye damage. Harmful if swallowed or absorbed through the skin. Do not get in eyes or on clothing. Avoid contact with skin. Wear goggles or face shield and rubber gloves and protective clothing when handling. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove contaminated clothing and wash before reuse.

Physical or Chemical Hazards: Do not use or store near heat or open flame. Do not mix with oxidizers, anionic soaps and detergents.

First Aid:

The product container or label with you when calling a poison control center or doctor, or going for treatment. If ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. If IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, and continue rinsing eye. Call a poison control center or doctor for treatment advice. IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. NOTE TO PHYSICIAN: Probable mucosal damage may contaminate the use of gastric lavage.

Storage and Disposal:

Do not contaminate water, food, or feed by storage and disposal. Pesticide Storage: Open dumping is prohibited. Store only in original container. Do not reuse empty container. If a leaky container must be contained within another, mark the outer container to identify the contents. Store pesticides away from food, pet food, feed, seed, fertilizers, and veterinary supplies. Keep this product under locked storage sufficient to make it inaccessible to children or persons unfamiliar with its proper use. Pesticide Disposal: Pesticides are not hazardous to the environment. Improper disposal of excess pesticides may be hazardous to the environment. IN CASE OF ACCIDENT: Animal. DISPOSITION: Notify local officials. DISPOSAL OF WASTE MATERIALS: Do not contaminate water, food, or feed by storage and disposal. DISPOSAL OF WASTE MATERIALS: Do not contaminate water, food, or feed by storage and disposal. RESIDUE REMOVAL DIRECTIONS: Triple rinse container promptly after emptying. Triple rinse as follows: Fill the container 1/4 full with water and recap. Shake for 10 seconds. Follow Pesticle Disposal instructions for residue disposal. Drain for 10 seconds after the flow begins to drip. Repeat procedure two more times.
